Assignment

WHEREAS the undersigned inventor, hereinafter referred to as the "Inventor," said Inventor being listed below:

Kirk P. Guidry, a citizen of the United States of America;

has invented certain new and useful improvements in

**FRACTURING SYSTEM WITH FLUID CONDUIT HAVING COMMUNICATION
LINE**

as described and set forth in a United States Patent Application filed on _____ under Serial Number _____ (Docket No. IS18.0410-US-NP). **This assignment is effective as of October 30, 2018. When this Assignment is not filed concurrently with the patent application, the above identifying information may be added after execution.**

AND WHEREAS the "**COMPANIES,**" listed in **Schedule A**, are desirous of acquiring or confirming their acquisition of the entire right, title and interest in and to said invention, inventions or improvements, and in and to said application, and in and to any and all patents, both of the United States and of all foreign countries, that may be obtained therefore **as outlined in Schedule A;**

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, BE IT KNOWN that the undersigned Inventor, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, has sold, assigned, transferred and conveyed, and by this assignment does sell, assign, transfer and convey, unto said **COMPANIES**, their successors and assigns, the entire right, title and interest throughout the world, in and to the above-described invention, inventions or improvements described or set forth in said application, in any form or embodiment thereof, and in and to said application, and in and to any applications filed in any foreign country based thereon, including the right to file foreign applications under the provisions of any convention or treaty; and in and to any confirmation, divisional, continuation, continuation-in-part, or substitute application which may be filed on said invention, inventions or improvements in the United States or in any foreign country; and in and to any and all patents, certificates, utility models, reissues, extensions, additions or confirmations thereof which may be granted in the United States or in any foreign country upon said invention, inventions or improvements,

TO HAVE AND TO HOLD the same to the full end of the term or terms for which any and all such United States and foreign patents and grants may be issued on said invention, inventions or improvements.

AND said Inventor does hereby authorize and request the issuing authority to issue any and all of said United States and foreign patents on said application or applications to said **COMPANIES**,

their successors and assigns, as the assignee of the entire right, title and interest in and to the same, for the sole use and benefit of said **COMPANIES**, their successors and assigns.

AND said Inventor does hereby covenant and warrant that said Inventor has full right to convey the entire right, title and interest herein assigned free and clear of all licenses, encumbrances and liens whatsoever, and that said Inventor has not executed and will not execute any instruments in conflict herewith.

AND said Inventor, for the conditions aforesaid, does hereby covenant and agree to and with the said **COMPANIES**, their successors and assigns, that the Inventor, his or her executors, administrators, or other personal representatives, shall and will do all lawful acts and things, make all rightful oaths, and make, execute and deliver any and all other instruments in writing, and any and all further applications, papers, powers, affidavits, assignments, disclaimers and other documents, which in the opinion of counsel for said **COMPANIES**, their successors and assigns, may be required or necessary in this or in any foreign country more effectually to secure to and vest in said **COMPANIES**, their successors and assigns, the entire right, title and interest in and to said invention, inventions or improvements, application or applications, patents, rights, titles, benefits, privileges, and advantages hereby sold, assigned, confirmed, transferred and conveyed.

This Agreement is entered in contemplation of and shall be construed in accordance with the laws of the State of Texas, and may not be amended or modified unless in a subsequent writing executed by the **COMPANIES**.

IN WITNESS WHEREOF I, **Kirk P. Guidry**, have hereunto set my hand and seal this 31 day of OCTOBER, 2018.

Inventor
