ASSIGNMENT

WHEREAS, we, **Indranil Nandi of Bridgewater, New Jersey; Ketan Hippalgaonkar of Mount Laurel, New Jersey; and Sunil Vandse of Baskin Ridge, New Jersey**, have invented designs and certain improvements in:

SYRINGE

for which an application for Letters Patent of the United States of America was submitted to the U.S. Patent Office on **July 25, 2018** and accorded U.S. Application No. **29/657,824**.

WHEREAS, Vertice Pharma, LLC (Assignee), a Delaware limited liability company, with offices located at 630 Central Avenue, New Providence, NJ 07974, is desirous of obtaining the entire right, title and interest in, to and under the said invention and the said application in the United States of America and in any and all countries foreign thereto;

NOW, THEREFORE, in exchange for good and valuable consideration to the ASSIGNORS, the receipt and sufficiency of which are hereby acknowledged, the ASSIGNORS have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the ASSIGNEE, its successors, legal representatives and assigns, their entire, worldwide right, title and interest in, to and under the invention, including the above United States application embodying the invention and any other United States application to or from which priority is claimed under 35 U.S.C. §§ 119 or § 120, including all divisions, continuations, and continuations-in-part thereof, and all Patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, inventor's certificates, and designs which may hereafter be filed for the invention in any country or countries other than the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from the above United States application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for the invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof, the same to be held and enjoyed by the ASSIGNEE, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted as fully and entirely as the same would have been held and enjoyed by the ASSIGNORS had this sale and assignment not been made;

And the ASSIGNORS hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument;

And the ASSIGNORS hereby covenant and agree that they have the full right to convey the entire interest herein assigned, and that they have not executed, and will not execute, any agreement in conflict herewith;

And the ASSIGNORS hereby further covenant and agree that they will communicate to the ASSIGNEE, its successors, legal representatives and assigns, any facts known to them respecting said invention, testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, and generally do everything possible to aid the
