## ASSIGNMENT OF PATENT

This Assignment of Patent ("Assignment"), effective as of November 7<sup>th</sup>, 2018 (this "Assignment"), is made by Michael J. Peck, who resides at 611 White Tail Ridge Dr., Fairlawn, OH 44333 ("Assignor").

WHEREAS, Assignor is the inventor of certain new and useful improvements as described and/or claimed in patent application set forth in Schedule A, attached hereto (the "Patent Documents");

WHEREAS, as used here, "Inventions" means: (a) the Patent Documents; (b) any inventions which are disclosed but not claimed in the Patent Documents; (c) any and all improvements, developments, and modifications to an invention deriving from the Patent Documents; (d) any and all continuations, continuations-in-part, requests for continued examination, and all other applications which claim priority to any of the Patent Documents, including but not limited to any and all applications filed pursuant to 37 C.F.R. 1.53; and (e) any and all provisional applications, continuations, requests for continued examination, and all other applications, including but not limited to those applications filed under 37 C.F.R. 1.53, to which any of the Patent Documents claims priority; and

WHEREAS LeafFilter North, LLC, an Ohio limited liability company with a place of business at 1595 Georgetown Road, Hudson, OH 44236 ("Assignee"), desires to acquire the entire right, title and interest in the Inventions.

NOW, THEREFORE, in consideration of the payment of one dollar (\$1.00) by Assignee to Assignor and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor assigns and transfers to the Assignee, the Assignor's entire right, title and interest in the Inventions, and all United States Patents which may be granted on the Inventions, and all reissues, reexaminations and extensions on the Inventions, and all priority rights under all available international agreements, treaties and conventions in every participating country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) filed for the Inventions in any foreign countries, and all patents granted for the Inventions in any foreign countries, and all reissues, reexaminations and extensions on the Inventions in any foreign country; the Assignor assigns and transfers to the Assignee the right to file applications on the Inventions in the United States and all foreign countries, and the Assignor authorizes and requests the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents, to issue all patents for the Inventions to the Assignee in accordance with the terms of this Assignment;

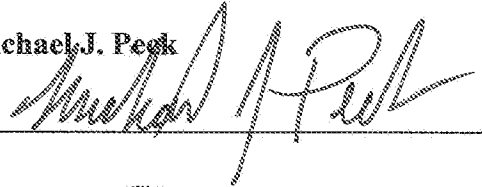

AND, for the same consideration, the Assignor covenants that when requested, without charge to, but at the expense of the Assignee, to carry out in good faith the intent and purpose of this Assignment: the Assignor will provide all files relating to the Inventions and their histories, and the Assignor will provide reasonable access to its employees who were involved in the development of the Inventions and have relevant information to assist Assignee in filing and prosecuting patent applications related to the Inventions. The Assignor covenants that the Assignor has full right to convey the entire right, title and interest as expressed in this Assignment.

11703830 v1

IN WITNESS WHEREOF, the parties hereto have duly executed this Assignment of Patent as of the date first set forth above.
