### Patent Assignment

This Patent Assignment (this "Assignment"), dated October 26, 2018, is made by Petroleum Geo-Services, Inc., formerly known as Petroleum Geo-Services (US), Inc. ("Assignor"). In consideration of One Dollar and for other good and valuable consideration, the sufficiency of which Assignor acknowledges, Assignor agrees as follows.

1. Assignor assigns to PGS Americas, Inc. all of Assignor's rights with respect to (A) the patents and patent applications identified in Exhibit A, and (B) all rights to sue for past, present and future infringement, violation or misappropriation of any of the rights described in the preceding clause. Assignor shall, from time to time and as necessary, execute and deliver to Purchaser, at Purchaser's expense, all agreements and other documents reasonably necessary to give effect to this Assignment.

2. This Assignment shall be governed by and construed in accordance with the Laws of the State of Texas, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Texas or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Texas.
