PATENT ASSIGNMENT

WHEREAS, I, Kevin Ross Inkster, a citizen of Australia residing at 67 Westchester Road, Malaga, Western Australia 6090, in Australia, have invented certain inventions and improvements disclosed in the Application for United States Patent entitled **PLANING TOOL ATTACHMENT FOR AN ANGLE GRINDER**, filed in the United States Patent and Trademark Office on November 13, 2018, bearing Serial No. 29/669,996, and listing as inventor(s): **Kevin Ross Inkster** (the "Patent Application");

WHEREAS, **Arbortech Industries Limited**, a Limited Company of Australia, having its principal place of business at **67 Westchester Road, Malaga, Western Australia 6090, Australia** is desirous of acquiring an interest in the same;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, Kevin Ross Inkster, do sell, assign and transfer unto **Arbortech Industries Limited**, the full, exclusive and entire right, title and interest: (i) in and to all inventions and improvements disclosed and described in the Patent Application, (ii) in and to the Patent Application, (iii) in and to any divisional, continuation, continuation-in-part, or reissue applications describing in whole or in part the inventions and improvements disclosed in the Patent Applications, preparatory to obtaining Patents of the United States therefore, (iv) in and to all right to sue, counterclaim, and recover for past, present, and future infringement of the rights assigned or to be assigned under this Agreement, including all income, royalties, damages and payments now or hereafter due or payable with respect thereto, and to all causes of action (either in law or in equity), (v) in and to any patent applications filed in the United States describing in whole or in part the inventions and improvements disclosed in the Patent Applications, from which priority may be claimed under Title 35 of the United States Code, and (vi) in and to the right to claim any applicable foreign and domestic priority rights arising from such patent applications; I also hereby acknowledge that an obligation for this assignment and for the assignment of all related subject matter arose before the making of the invention and improvements disclosed and described in the Patent Application; and I hereby request the Commissioner of Patents to issue any and all Patents of the United States resulting from the

Patent Application, or from any division, continuation, continuation-in-part, or reissue thereof, to **Arbortech Industries Limited** as Assignee, for its interest and for its sole use and benefit of its assigns and legal representatives;

For the same consideration, I, do sell, assign and transfer to **Arbortech Industries Limited** the full, exclusive and entire right, title and interest in and to any foreign application or applications corresponding to the Patent Application (the "Foreign Applications"), in whole or in part, in countries other than the United States, in and to any Patents and similar protective rights granted on the Foreign Application, and in and to the right to claim any and all applicable priority rights arising from or required for the Foreign Application under the terms of any applicable conventions, treaties, statutes, or regulations; the Foreign Applications to be filed and issued in the name of **Arbortech Industries Limited** and or its respective designees, insofar as permitted by applicable law;

AND, for the same consideration, I agree to sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and other applications, make all assignments and rightful oaths, and generally do everything possible to aid **Arbortech Industries Limited** and its successors, assigns, and nominees to obtain and enforce proper protection for all the inventions and improvements disclosed in the Patent Applications in all countries throughout the world; and

for the same consideration, I hereby authorize the insertion of the filing date and serial number above.
