PATENT AND INVENTION ASSIGNMENT

THIS ASSIGNMENT is made effective as of the date signed below ("Effective Date") by and between the undersigned inventor, Mr. Gregory Sadkhin, residing at 18 Jansen Ct. Staten Island, NY ("Assignor") and the Sadkhin IP Holding Company LLC (Entity Number E0090162018-0), a limited liability company formed and operating under the laws of the State of Nevada ("Assignee"). For the purposes of this Assignment, whenever applicable, the terms "Assignor" and "Assignee" include Affiliates.

WHEREAS, Assignor is an inventor of one or more inventions and innovative technology and methodology described in *Appendix A* thereto ("Invention(s)"), as may be set forth in the future in one or more patent application(s) directed to the invention summarized in *Appendix A*, including divisions, continuations in whole or part or substitute applications that may claim priority from it or share any part of the disclosure in common now or in the future ("Patent Application(s)"); and all other related intellectual property, including (a) all copyrights, trade secrets, trademarks and associated good will covering, covered by or included in the Invention(s), and all patents which may be granted on the Invention(s); (b) any reissues and extensions of such patents; and (c) all priority rights under the International Convention for the Protection of Industrial Property for every member country, (collectively "Assigned IP");

WHEREAS, Assignor wishes to transfer and assign to Assignee the Assignor's ownership rights to Assigned IP, and Assignee wished to receive the Assigned IP;

NOW, THEREFORE, in consideration of the mutual covenants and for valuable consideration, the receipt of which is acknowledged, the parties hereto agree as follows:

Assignor irrevocably hereby assigns to Assignee 100% of his right, title, and interest in the Assigned IP to Assignee;

Assignor authorizes the United States and other countries' Patent and Trademark Office and to issue any Patents resulting from the Patent Application(s) and Assigned IP to Assignee according to the percentage interest indicated in this assignment;

Assignor authorizes the United States and other countries' Copyright Office to issue any copyrights on the subject matter of or containing in the Assigned IP to Assignee according to the percentage interest indicated in this assignment;

Assignor further agrees to the following:

(a) cooperate with Assignee in the prosecution of the Patent Application(s) and foreign counterparts, copyright applications and any other intellectual property rights covering the Assigned IP;

(b) execute, verify, acknowledge and deliver all such further papers, including patent, copyright and other applications and instruments of transfer, oaths, declarations, confirmation of assignment and any other documents needed to record or perfect the Assignee's ownership interest in the Assigned IP; and

(c) perform such other acts as Assignee lawfully may request to obtain or maintain the patents, copyrights or any other intellectual property covering and protecting the Assigned IP;

The right, title and interest transferred pursuant to this Assignment is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made;

The scope of this Assignment is to be strictly limited to the Assigned IP, and not to be interpreted as intending to transfer or assign any other invention or intellectual property that is not covered as the Assigned IP;

This Assignment is to be governed by the laws of the State of New York, excluding its conflicts of law principles, and any legal dispute regarding matters in this Assignment can be brought exclusively in the federal or state court located in the State of New York, New York.
