ASSIGNMENT

WHEREAS, we, Vijay Deep Bhatt, of München, Germany, Saumya Joshi, of München, Germany, and Paolo Lugli, of Hallbergmoos, Germany believe that we are the inventors of certain improvements in a SENSOR ARRANGEMENT FOR ANALYZING SUBSTANCES IN A MATERIAL AND METHOD FOR OPERATING SUCH A SENSOR ARRANGEMENT, for which a patent application having the above-indicated title was or will be filed with the U.S. Patent and Trademark Office on July 31, 2018 as Serial No. 16/051,160; and

WHEREAS, Technische Universität München, a German public corporation, having its principal place of business at Arcisstraße 21, 80333 München, Germany, is desirous of acquiring an interest therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which hereby are acknowledged, we, Vijay Deep Bhatt, Saumya Joshi, and Paolo Lugli, have sold, assigned and transferred, and by these presents do sell, assign and transfer unto Technische Universität München the full and exclusive right to the said invention in the United States and its territorial possessions and the entire right, title and interest in and to any and all Letters Patent which may be granted therefor in the United States and its territorial possessions and in and to any and all related U.S. patent applications, including divisionals, reissues, continuations and extensions thereof.

We hereby authorize and request the Patent Office officials in the United States to issue any and all of said Letters Patent, when granted, to Technische Universität München, as the assignee of our entire right, title and interest in and to the same, for the sole use of Technische Universität München, its successors and assigns.

Further, we hereby acknowledge and agree that at the time of execution of this assignment, we have good and full right and lawful authority to execute this assignment and to convey the above-indicated rights to Technische Universität München, its successors and assigns. If the serial number and/or filing date of the above-identified patent application are not known or included on this assignment at the time of execution, we hereby authorize Technische Universität München, and its successors and assigns, to add such serial number and/or filing date hereto.

Further, we agree that we will communicate to Technische Universität München or its representatives any facts known to us respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all related, divisional, continuation, substitution, renewal, and reissue applications, execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to Technische Universität München, make all rightful oaths and generally do everything possible to aid Technische Universität München, its successors and assigns, to obtain and enforce proper protection for said invention in the United States.
