**ASSIGNMENT OF RIGHTS:  
U.S. PATENT APPLICATION NO. 16/039,684**

Pavel Savenok, with current resident address of 102 East Farnham Lane, Wheaton, Illinois, 60189, ("Assignor") is sole inventor-applicant of the Container Lid Assembly and Insert Constructions as described and claimed in the U.S. Patent Application filed in the United States Patent and Trademark Office (USPTO) and assigned U.S. Patent Application Serial Number: 16/039,684 on 19 July 2018 (the "Patent Application"), a divisional patent application of US Patent Application Serial No. 14/838,343 filed in the USPTO on 27 August 2015.

LEA SAVENOK 2003 TRUST with current address of 102 East Farnham Lane, Wheaton, Illinois, 60189, ("Assignee") desires to acquire the entire right, title, and interest in and to the Patent Application and the patent (and any reissues or extensions) that may be granted therefrom.

Therefore, for valuable consideration, the receipt of which is acknowledged, Assignor assigns to Assignee 100% of his right, title, and interest in the invention and the Patent Application (as well as such rights in any divisions, continuations in whole or part or substitute applications) to Assignee for the entire term of the issued Patent and any reissues or extensions that may be granted and for the entire terms of any and all foreign patents that may issue from foreign applications (as well as divisions, continuations in whole or part or substitute applications) filed claiming the benefit of the Patent Application.

Assignor authorizes the United States Patent and Trademark Office (USPTO) to issue any Patents resulting from the Patent Application to Assignee according to the percentage interest indicated in this assignment. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

Assignor further agrees to: (a) cooperate with Assignee in the prosecution of the Application and foreign counterparts; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee lawfully may request to obtain or maintain the Patent for the invention in any and all countries.

11/21/18  
Date

Pavel Savenok  
Pavel Savenok, Assignor

[to be completed by notary public]<sup>1</sup>

On this 21<sup>st</sup> day of November before me, Nelly Kachanovsky, the undersigned Notary Public, personally appeared Pavel Savenok, Assignor, personally known to me (or proved to me on the basis of satisfactory evidence) to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same. WITNESS my hand and official seal in DuPage County of ILLINOIS on the date set forth in this certificate.

[Signature]  
Notary Public

<sup>1</sup> Completion of this section is not required for assignment, and is only prima facie evidence of execution under 35 USC 261
