PATENT ASSIGNMENT

Inventors: **Jeongkyu Lee; Sin-Min Chang; Indranil Sardar; Soumyajit Sen**

In consideration of One Dollar (\$1.00) and other good and valuable considerations in hand paid, the receipt and sufficiency whereof are hereby acknowledged, the undersigned hereby assigns to

DOMANICOM CORPORATION

a Connecticut Corporation with a principle place of business at 2 Enterprise Drive, Suite 303, Shelton, CT, 06484; and

DATA-CORE SYSTEMS, INC.

a Delaware Corporation with a principle place of business at 1500 John F. Kennedy Blvd., Suite 624, Philadelphia, PA 19102,

and their successors and assigns, the entire right, title and interest in the invention and/or improvements of the undersigned disclosed in the following patent application(s):

Application No.	Filing Date	Title
16/000,828	June 5, 2018	Media Intelligence Automation System

and in said applications and any and all other applications, both United States and foreign, which the undersigned and/or assignees may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any reissue or extension of such patents, and further assigns to said assignees the priority right provided by the International Convention.

The undersigned hereby authorizes and requests the Commissioner of Patents and Trademarks to issue said Letters Patent to and in the name of either or both assignees.

The undersigned hereby authorizes and requests the attorney of record to add the application number and filing date, when known, to this assignment prior to recordation at the United States Patent Office.

The undersigned warrants himself to be the owner of the entire right, title and interest in said invention or improvements and to have the right to make this assignment, and further warrants that there are no outstanding prior assignments, licenses, or other encumbrances on the interest herein assigned.

For said considerations the undersigned hereby agrees, upon the request and at the expense of said assignees, their successors and assigns, to execute any and all divisional, continuation and substitute applications for said invention or improvements, and any necessary

oath, affidavit or declaration relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application and any and all applications and other documents for Letters Patent in foreign countries on said invention or improvements, that said assignees, their successors or assigns may deem necessary or expedient, and for the said considerations the undersigned authorizes said assignees, individually or collectively, to apply for patents for said invention or improvements in their own name in such countries where such procedure is proper and further agree, upon the request of said assignees, their successors and assigns, to cooperate to the best of the ability of the undersigned with said assignees, their successors and assigns, in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain, maintain and enforce said Letters Patent, both United States and foreign, and vest all rights therein hereby conveyed in the assignees, their successors and assigns, whereby said Letters Patent will be held and enjoyed by the said assignees, their successors and assigns, to the full end of the term for which said Letters Patent will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.
