PATENT ASSIGNMENT AGREEMENT

This **PATENT ASSIGNMENT AGREEMENT** ("Assignment"), dated as of April 10, 2018 ("Effective Date"), is entered into by and between TK Holdings Inc., a Delaware corporation ("Assignor"), and Joyson Safety Systems Acquisition LLC, a Delaware limited liability company ("Assignee"). Assignor and Assignee are individually referred to as a "Party" and collectively as the "Parties."

WHEREAS, Assignor and certain of its Affiliates, and Joyson KSS Auto Safety S.A. ("Plan Sponsor", an Affiliate of Assignee) and certain of its Affiliates have entered into that certain Asset Purchase Agreement, dated as of November 16, 2017, and as amended (the "TK US Purchase Agreement"), pursuant to which Assignor agreed to sell, and cause certain of its Affiliates to sell, and Plan Sponsor agreed to purchase, certain assets, including the Purchased Intellectual Property (as defined in the TK US Purchase Agreement), in each case on the terms and subject to the conditions contained in the TK US Purchase Agreement;

WHEREAS, the TK US Purchase Agreement requires the execution and delivery of this assignment of the Patents included in the Purchased Intellectual Property (including those set forth on Exhibit A attached hereto, referred to herein as the "Assigned Patents") at the U.S. Closing; and

WHEREAS, Assignee hereby desires to purchase, acquire and accept from Assignor, and Assignor hereby desires to sell, transfer, assign, convey and deliver to Assignee, all of Assignor's entire worldwide right, title and interest in, to and under the Assigned Patents.

NOW, THEREFORE, for good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the Parties, intending to be legally bound, hereby agree as follows:

1. Unless otherwise defined herein, all capitalized terms used herein shall have the meanings ascribed to such terms in the TK US Purchase Agreement.
2. Assignor hereby sells, transfers, assigns, conveys and delivers to Assignee all of its right, title and interest in, to and under the Assigned Patents, all related continuations, continuations-in-part, divisionals, reissues, re-examinations, substitutions and extensions thereof, and all counterparts of the foregoing, the same to be held and enjoyed by Assignee for its own use and enjoyment and the use and enjoyment of its successors, assigns and other legal representatives as the same would have been held and enjoyed by Assignor (or its Affiliates, as applicable) if this Assignment had not been made, as assignee of its respective entire right, title and interest therein, including, without limitation, all statutory and other claims, demands, and causes of action of Assignor or any of its Affiliates, for royalties, fees, or other income from, or infringement, misappropriation or violation of, any of the Assigned Patents, all rights to apply for and to maintain all registrations, renewals and extensions thereof and all right of priority with respect thereto, and all of the proceeds from the foregoing which are accrued and unpaid as of, and/or accruing after, the U.S. Closing.

3. This Assignment is binding upon and inures to the benefit of the Parties and their respective successors and permitted assigns.
4. This Assignment and the rights and obligations of the Parties hereunder shall be governed by and construed in accordance with the Laws of the State of New York (without giving effect to any principles of conflict of laws of any jurisdiction that would cause the application of other jurisdictions' laws).
5. Assignor hereby authorizes and requests the officials of the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign jurisdiction, to record Assignee as assignee and owner of the entire right, title and interest in, to and under the Assigned Patents.
6. Assignor further agrees to execute all instruments or documents required or reasonably requested to perfect or record the right, title or interest of Assignee and hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents, as Assignor's agents and attorney in-fact, coupled with an interest to do all other lawfully permitted acts to record, perfect, or otherwise secure that transfer contemplated hereunder.
7. No waiver or amendment of any provision of this Agreement shall be valid unless the same shall be in writing and signed by each Party except as expressly provided herein. No conditions, course of dealing or performance, understanding or agreement purporting to modify, vary, explain, or supplement the terms and conditions of this Assignment shall be binding unless this Assignment is amended or modified in writing pursuant to the first sentence of this Section 7 except as expressly provided herein.
8. This Assignment may be executed in two or more counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument. This Assignment or any counterpart may be executed and delivered by electronic communications in portable document format (.pdf), each of which shall be deemed an original.
