WHEREAS University of Cincinnati declares that it is the sole/joint owner of certain invention(s), as set forth in a patent application (including industrial designs and utility models), whether claimed or unclaimed, entitled FILMS INCLUDING A WATER-SOLUBLE LAYER AND A VAPOR-DEPOSITED ORGANIC COATING, filed in the name(s) of The Procter & Gamble Company of One Procter & Gamble Plaza, Cincinnati, Ohio 45202, as Applicant-Assignee and naming Emily Charlotte BOSWELL, Srinivas Krishnaswamy MIRLE, Vesselin Nikolov SHANOV, Rachit MALIK, and Colin William McCONNELL as inventors, Attorney's Docket No. 14871MX and filed in the United States Patent Office as Number 16/015252, on June 22, 2018 and/or the corresponding application filed in the PCT as Serial Number US2018/038894, on June 22, 2018. (University of Cincinnati grants the hereinafter named assignee and/or any person authorized thereby, the power to insert in this document, the Serial Number and filing date of each application identified above when ascertained.)

For valuable consideration, the receipt and sufficiency of which are hereby acknowledged, University of Cincinnati assigns to the University of Cincinnati Research Institute, hereafter "UCRI", its legal representatives, successors and assigns, its entire right, title, and interest owned by University of Cincinnati, in the United States and throughout the world, in, to and under said invention(s) and all patents, patent applications, patent rights, and inventor's certificates thereof, therefore, and therein, including without limitation said application, all divisions and continuations thereof, all patents which may be granted thereon, all reissues and extensions thereof, all patents which may be granted for said invention(s) by states or nations other than the United States, or by other authority, entity, or organization, and all applications therefore (including the right to claim priority of the filing date of said application in the United States and/or under international conventions), as fully and completely as the same would have been held by University of Cincinnati had this assignment not been made. The entire right, title and interest owned by University of Cincinnati shall vest irrevocably in UCRI. University of Cincinnati further agrees to, without additional compensation, but at no expense to University of Cincinnati, execute or assent to any and all applications for said invention(s), assist UCRI in obtaining signatures for any applications or any other legal documents as may be necessary or desirable to vest and maintain the enjoyment of the rights assigned, and to cooperate with UCRI, its legal representatives, successors and assigns, or as UCRI may direct, in any pre-grant, post-grant or other proceedings relating to the rights assigned herein.

University of Cincinnati requests and authorizes the Commissioner of Patents and Trademarks and/or appropriately empowered officials of foreign countries to issue any and all Patent(s) and/or letters patent(s) which may be granted for said invention(s) herein assigned and as set forth in U. S. Application Serial Number 16/015252 to UCRI, its legal representatives, successors or assigns, as assignee of University of Cincinnati's entire right, title, and interest in said Patent(s).

This GLOBAL GENERAL ASSIGNMENT is effective as of the earlier of 1) the date of execution shown below, or 2) the filing date of the first-filed of said patent application(s).
