CONFIRMATORY ASSIGNMENT

Application No: 15/028,064

Filed: April 8, 2016

Title: CHIMERIC ANTIGEN RECEPTOR

WHEREAS Martin Pulé, Kwee Yong, Lydia Lee and Ben Draper's ownership rights in the above-mentioned application and invention or improvements described therein belong to UCL BUSINESS PLC, The Network Building, 97 Tottenham Court Road, London, United Kingdom W1T 4TP, by virtue of their employment;

WHEREAS the parties wish to confirm the transfer of these rights in a document suitable for recording with the United States Patent & Trademark Office.

Now, therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned hereby assign to UCL BUSINESS PLC, The Network Building, 97 Tottenham Court Road, London, United Kingdom W1T 4TP (hereinafter "Assignee"), its successors and assigns, the entire right, title and interest in the invention or improvements of the undersigned disclosed in the above-identified application for letters patent of the United States, and in said application and any and all other applications, both in the United States and in other countries, which the undersigned may file or be named as an inventor, either solely or jointly with others, on said invention or improvements, and in any and all letters patent of the United States and other countries, which may be obtained on any of said applications, and in any reissue or extension thereof; including without limitation, the right to bring suit and to claim and retain all damages and/or seek other remedies for the past, present and future infringement of any of the foregoing, and the right of priority, including without limitation to claim priority benefit of or to said patent applications

The undersigned hereby authorize and request the Commissioner for Patents to issue said letters patent to said Assignee.

The undersigned states that the application listed above is or was made or authorized to be made by him. The undersigned believes himself to be the original inventor or an original joint inventor of a claimed invention in the application listed above. The undersigned acknowledges that any willful false statement made by him in this paragraph is punishable under 18 U.S.C. §1001 by fine or imprisonment of not more than five years, or both.

The undersigned warrant themselves to be the owners of the interest herein assigned and to have the right to make this assignment and further warrant that there are no outstanding prior assignments, licenses, or other rights in the interest herein assigned except in favor of Assignee.

For said consideration the undersigned hereby agree, upon the request of Assignee and at no expense to the undersigned, the undersigned hereby agrees to execute any and all applications on said inventions, including without limitation for the reissue, reexamination, supplementary protection certificate or extension thereof and any oath, declaration or affidavit relating thereto that said Assignee may deem necessary or expedient, and to cooperate to the best of the ability of the undersigned with and perform any and all affirmative acts requested by Assignee to prepare, file, prosecute, maintain, defend, enforce and vest in Assignee the rights, title and interests assigned herein, including without limitation, preparing and executing statements and giving and producing evidence in support thereof, whereby said rights, title and interests will be held and enjoyed by said Assignee to the full end of the term

for which said patents may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.
