THIS INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT ("Agreement") is effective as of June 1, 2007, between American Standard Europe BVBA, a limited liability company organized under the laws of Belgium and having its registered office at Chaussée de Wavre, 1789, 1160 Brussels, Belgium ("Assignor"), and Trane BVBA with offices at Chausse de Wavre, 1789, 1160 Brussels, ("Assignee").

In consideration of the mutual covenants, terms and conditions set forth in this agreement, and for other good and valuable consideration, Assignor and Assignee agree as follows:

1. DEFINITIONS

The following definitions shall govern this Agreement:

- 1.1 "Intellectual Property" shall mean the currently existing patents and applications and all know-how associated therewith set forth in Exhibit A hereto.
- 1.2 "Territory" shall mean worldwide.

2 ASSIGNMENT

2.1 Grant. Assignor hereby sells, transfers, assigns and conveys to Assignee, and Assignee hereby accepts, the sole and exclusive ownership of the Intellectual Property in the Territory. Without limiting the generality of the foregoing, this assignment includes, without limitations:

- (a) All Intellectual Property, and registrations thereof in the Territory; and
- (b) The right to enforce and the right to sue for and to recover for all infringements or misappropriation of the Intellectual Property, whenever and wherever occurring.

3 Enforcement of Intellectual Property. Assignor agrees to assist Assignee in the protection, registration and enforcement of the Intellectual Property, including, but not limited to, executing any documents, as Assignee deems necessary for evidence of Assignor's right, title and interest in and to said Intellectual Property.

4. MISCELLANEOUS

4.1 Authority. Assignee and Assignor represent and warrant that they each have full authority and the unrestricted right to enter into this Agreement, and that neither is a party to any agreement which conflicts with the terms of this Agreement or restricts them in any manner from performing the obligations as set forth herein.

4.2 Binding. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

4.3 Applicable Law. This Agreement shall be governed by and construed in accordance with and subject to the laws of Belgium and the Parties submit to the exclusive jurisdiction of the Belgium courts.

4.4 Amendment. Changes in this Agreement shall only be valid if they are made in writing and executed by the party against who such change is sought to be enforced.

4.5 Counterparts. This Agreement may be executed in one or more counterparts, any one of which need not contain the signature of more than one party, but which when taken together shall bear the signatures of all parties and shall thereupon constitute one and the same agreement.

4.6 Entire Agreement. This Agreement sets forth the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations and, except as otherwise expressly provided herein, all prior writings in respect of such subject matter.
