ASSIGNMENT

WHEREAS, I, Michael Owen Wells, a citizen of the United States of America listed as an inventor in a patent application known as:

Flame Resistant Material and Resultant Products

for which a patent application was filed in the United States Patent and Trademark Office on October 19, 2017, which was assigned U.S. Patent App. Serial No. 15/788,497 and which claims priority to U.S. Patent App. Serial No. 62/456,516 and 62/410,177; and

WHEREAS, Reynolds Polymer Technologies, Inc., a corporation having an address of 607 Hollingsworth Street, Grand Junction, CO 81505, is desirous of acquiring all interest in, to, and under the invention, the application, and any and all Patents that may be granted for or upon the invention in the United States of America and all other countries.

NOW THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, I, Michael Owen Wells, have sold, assigned, and transferred, and by these presents do sell, assign, and transfer to Reynolds Polymer Technologies, Inc. the entire right, title, and interest, throughout the world, in, to, and under the following:

- (a) the invention(s) as set forth and described in the specification, if any, prepared, executed, to be executed, or not executed by me/us therefor, preparatory to obtaining one or more Patents of the United States and/or countries foreign thereto, whether prepared, executed, and/or filed as a provisional application and/or a non-provisional application;
- (b) the application(s);
- (c) any and all provisionals and non-provisionals, refilings, divisions, continuations, and continuations-in-part of the application(s) and/or the invention(s);
- (d) any and all Patents of the United States of America that may issue from the application(s), refilings, divisions, continuations, and continuations-in-part;
- (e) any and all reissues, reexaminations, and extensions of the Patents of the United States of America;
- (f) any and all applications for Patent for or upon the invention(s) that may be filed in any and all countries foreign to the United States of America;
- (g) any and all refilings, divisions, and continuations of the foreign-filed applications;

Assignment for Serial No. 15/788,497

(h) any and all Patents of countries foreign to the United States of America that may issue from the foreign-filed applications, refilings, divisions, and continuations;

(i) any and all extensions of, and additions to, the Patents of countries foreign to the United States of America;

(j) the right to apply or continue prosecution for any of the above and revive prosecution of any abandoned rights for any of the above; and

(k) all causes of action and enforcement rights for any of the above, including all rights to pursue damages, injunctive relief, equitable relief, and other remedies and all past, present, and future damages to or for any of the above.

ALL of the above shall be held and enjoyed by Reynolds Polymer Technologies, Inc. for its own use and benefit, and for its successors, legal representatives, and assigns, to the full end of the term for which the Patent(s) may be granted, and I do hereby authorize and request the Patent Office or other government agency in each jurisdiction to issue any patents or certificates of invention or equivalent that may be granted upon any of the above in the name of Reynolds Polymer Technologies, Inc. in accordance with this Assignment.
