ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS

WHEREAS, Jonathan D. Marshall, hereinafter called the "Assignor," is one of the inventors named in the United States Patent Application entitled "Unidirectionally Extendable Cutting Element Steering." The Assignor authorizes patent practitioners associated with the United States Patent & Trademark Office Customer Number 54800 to insert here in parentheses the filing date and application serial number of the said Application:

Filing Date: (Dec. 11, 2018), Application Serial No. (16/216,966).

WHEREAS, Novatek IP, LLC, whose address is 2185 Tracy Hall Parkway, Provo, Utah 84606, hereinafter called the "Assignee" desires to acquire the entire right, title, and interest in and to the invention and the patent application identified above, and all patents which may be obtained from said invention.

NOW, THEREFORE, for valuable and legally sufficient consideration, the receipt of which is hereby acknowledged, the Assignor hereby sells, assigns, and transfers to the Assignee, the entire right, title, and interest in and to the invention and the patent application identified above, and any patents that may issue for said invention in the United States and in all other countries together with the entire right, title and interest in all continuations, divisions, renewals and extensions thereof to the full end of the term or terms for all such patents.

The Assignor hereby covenants and agrees to assist the Assignee, his representatives, successors and assigns, in the prosecution of the patent application identified above; in the making and prosecution of any other patent applications that the Assignee may elect to make covering the invention identified above; in vesting in the Assignee exclusive title in and to all such other patent applications and patents; and in the prosecution of any interference which may arise involving said invention, or any such patent application or patent; and the Assignor will execute and deliver to the Assignee any and all additional papers which may be requested by the Assignee to carry out the terms of the assignment.

The Commissioner of Patents and Trademarks is hereby authorized and requested to issue patents to the Assignee in accordance with the terms of this assignment.

IN TESTIMONY WHEREOF, I have duly executed this assignment on this 16 day of December, 2018.

Jonathan D. Marshall
