ASSIGNMENT

Whereas, Albert Russell Schindler III is an authorized representative of Remediation Technologies, Inc., a Michigan corporation with a mailing address of 101 N. Park Street, Traverse City, MI 49684 (hereinafter "ASSIGNOR") and current owner of U.S. Patent Application No. 15/635,416, entitled SYSTEM AND METHOD FOR MANAGING SAMPLE COLLECTION DATA AND DOCUMENTATION, which was filed on June 28, 2017. For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR hereby:

(a) Assigns, transfers, and conveys to SampleServe, Inc., a Michigan corporation with a mailing address of 101 N. Park Street, Traverse City, MI 49684 (hereinafter "ASSIGNEE"), (1) its entire right, title and interest, domestic and foreign, and any and all revenues and rights to revenue, for any purpose, associated with commercialization, everywhere in the world, to:

- (i) any and all inventions and discoveries described and/or claimed in the present patent application;
- (ii) the present patent application;
- (iii) all patents that may be granted thereon;
- (iv) all patent applications or patents which may claim priority of (or serve as the basis for a priority claim by) the present applications (including but not limited to continuations, divisions, continuations-in-part, substitutes, renewals, reissues, reexaminations, post grant review patents, derivations or extensions thereof, together with all priority rights and counterpart applications under existing or future international patent conventions, agreements or treaties), including the right of said ASSIGNEE, its successors-in-interest and assigns to make applications and receive patents (and their equivalents) for said inventions and discoveries in any and all foreign countries in its own name, at its election, and ASSIGNOR hereby assigns, sells and sets over to ASSIGNEE all rights of priority in and to said inventions and discoveries in all countries, and;
- (v) the right to sue third parties for patent infringement (including but not limited to damages) accruing based on activities occurring prior to the execution date hereof.

(b) Authorizes and requests the Commissioner of Patents to issue any and all United States Patents resulting from the present applications or any division, continuation, continuation-in-part, substitute, renewal, reexamination or reissue or extension thereof to ASSIGNEE.

(c) Agrees to communicate to ASSIGNEE any facts known to it respecting the inventions and discoveries, and provide employees or representatives to testify in any legal proceeding involving any of the assigned rights, sign all lawful papers, execute all divisional, continuing and reissue or other related applications, make all rightful oaths, execute all papers deemed by ASSIGNEE to be necessary for recording this Assignment, including any Confirmatory Assignments, with the United States Patent and Trademark Office and any foreign patent offices, and generally perform any and all acts which are reasonably necessary and/or which said ASSIGNEE, its successors-in-interest, assigns, officers, directors or other legal representatives or agents may deem necessary to secure thereto the rights herein assigned, sold and transferred.

(d) Warrants and covenants that no other assignment, license, contract, understanding, interest or other grant to any third party with respect to any of the foregoing has been made, or shall in the future be made, by or on behalf of ASSIGNOR.

(e) Covenants not to challenge the validity or enforceability of any of the patent applications or patents assigned to ASSIGNEE hereunder.

(f) Agrees that the terms, covenants and conditions of this assignment shall inure to the benefit of ASSIGNEE, its successors-in-interest, assigns, officers, directors or other legal representatives or agents, and shall be binding upon ASSIGNOR, as well as upon ASSIGNOR's successors-in-interest, assigns, officers, directors or other legal representatives or agents.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement by their authorized representatives.
