**AGILETV CORPORATION CONFIDENTIAL INFORMATION
AND INVENTION ASSIGNMENT AGREEMENT**

In exchange for my becoming employed by AgileTV Corporation or its subsidiaries, affiliates, or successors (hereinafter referred to collectively as the "Company"), I hereby agree as follows:

1. I will perform for the Company such duties as may be designated by the Company from time to time. During my period of employment by the Company, I will devote my best efforts to the interests of the Company and will not engage in other employment or in any activities detrimental to the best interests of the Company without the prior written consent of the Company.

2. For purposes of this Agreement, "Inventions" means any and all inventions, original works of authorship, developments, concepts, improvements or trade secrets, whether or not patentable or registrable under copyright or similar laws, and any and all proprietary information and trade secrets that underlie, are summarized, embodied or described in, the AgileTV Corporation Business Plan and all copyrights, whether or not registered, all trade secrets and/or proprietary information and all other intellectual property rights, no matter how described or denominated, described, contained or reflected therein or related thereto.

3. As used in this Agreement, the term "Confidential Information" means any Company proprietary information, technical data, trade-secrets, know-how, including, but not limited to, research, product plans, products, services, customer lists, and customers (including, but not limited to, customers of the Company on whom I call or with whom I become acquainted during the term of my employment), markets, software developments, inventions, processes, formulas, technology, designs, drawings, engineering, hardware configure information, marketing, finances or other business information disclosed to me by the Company either directly or indirectly in writing, orally or by drawings or observation of parts or equipment. I further understand that Confidential Information does not include any of the foregoing items that become publicly known and made generally available through no wrongful act of mine or of others who are under confidentiality obligations as to the item or items involved.

4. Without further compensation, I hereby agree promptly to disclose to the Company, and I hereby assign and agree to assign to the Company or its designee, my entire right, title, and interest in and to all Inventions which I may solely or jointly conceive, develop or reduce to practice during the period of my employment with the Company (a) which pertain to any line of business activity of the Company, (b) which are aided by the use of time, material or facilities of the Company, whether or not during working hours, or (c) which relate to any of my work during the period of my employment with the Company, whether or not during normal working hours. No rights are hereby conveyed in inventions, if any, made by me prior to my employment with the Company which are identified in a sheet attached to and made a part of this Agreement, if any (which attachment contains no confidential information). I further acknowledge that all original works of authorship that are made by me (solely or jointly with others) within the scope of and during the period of my employment with the Company and which are protectible by copyright are "works made for hire," as that term is defined in the United States Copyright Act and agree that the Company owns all such works.

5. I agree to perform, during and after my employment, all acts deemed necessary or desirable by the Company to permit and assist it, at its expense, in obtaining and enforcing the full benefits, enjoyment, rights and title throughout the world in the Inventions and works of authorship hereby assigned to the Company as set forth in paragraph 4 above. Such acts may include, but are not limited to, execution of documents and assistance or cooperation in legal proceedings.

6. I agree to hold in confidence and not directly or indirectly use or disclose, either during or after termination of my employment with the Company, any Confidential Information I obtain or create during my employment, whether or not during working hours, except to the extent authorized by the Company. I agree not to make copies of such Confidential Information except as authorized by the Company. Upon termination of my employment or upon an earlier request of the Company, I will return or deliver to the Company all tangible forms of such Confidential Information in my possession or control, included but not limited to drawings, specifications, documents, records, devices, models or any other material and copies or reproductions thereof, in any form.

7. I represent that my performance of all the terms of this Agreement and as an employee of the Company does not and will not breach any agreement to keep in confidence proprietary information, knowledge or data acquired by me in confidence or in trust prior to my employment with the Company, and I will not disclose to the Company, or induce the Company to use, any confidential or proprietary information or material belonging to any previous employer or others. I agree not to enter into any agreement, either written or oral, in conflict with the provisions of this Agreement.

8. I agree that for a period of 12 months immediately following the termination of my relationship with the Company for any reason, whether with or without cause, I shall not either directly or indirectly solicit, induce, recruit or encourage any of the Company's employees to leave their employment, or take away such employees, or attempt to solicit, induce, recruit, encourage or take away employees of the Company, either for myself or for any other person or entity.

9. This Agreement (a) shall survive my employment by the Company, (b) does not in any way restrict my right or the right of the Company to terminate my employment, with or without a cause, (c) inures to the benefit of successors and assigns of the Company, and (d) is binding upon my heirs and legal representatives.

10. This Agreement does not apply to an Invention which qualifies fully under the provisions of Section 2870 of the Labor Code, a copy of which is attached hereto as Exhibit A. I agree to disclose all Inventions made by me in confidence to the Company to permit a determination as to whether or not the Inventions should be the property of the Company.

11. I certify that, to the best of my information and belief, I am not a party to any other agreement which will interfere with my full compliance with this Agreement.

12. This Agreement shall be governed by the laws of the State of California, without reference to choice of laws or conflict of laws principles. I hereby expressly consent to the personal jurisdiction of the state and federal courts located in California for any lawsuit filed there against me by the Company arising from or relating to this Agreement.

13. This Agreement sets forth the entire agreement and understanding between the Company and me relating to the subject matter herein and merges all prior discussions between us. No modification or amendment to this Agreement, nor any waiver of any rights under this Agreement, shall be effective unless in writing signed by the party to be charged. Any subsequent change or changes in my duties, salary or compensation shall not affect the validity or scope of this Agreement.

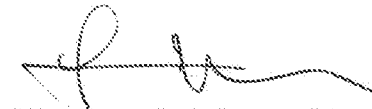

14. If one or more of the provisions in this Agreement are deemed void by law, then the remaining provisions shall continue in full force and effect.

15. I certify and acknowledge that I have carefully read all of the provisions of this Agreement and that I understand and will fully and faithfully comply with such provisions.

LIST OF INVENTIONS

**EXHIBIT A TO CONFIDENTIAL INFORMATION
AND INVENTION ASSIGNMENT AGREEMENT**

Section 2870 of the California Labor Code is as follows:

(a) Any provision in an employment agreement which provides that an employee shall assign, or offer to assign, any of his or her rights in an invention to his or her employer shall not apply to an invention that the employee developed entirely on his or her own time without using the Company's equipment, supplies, facilities, or trade secret information except for those inventions that either:

(1) Relate at the time of conception or reduction to practice of the invention to the employer's business, or actual or demonstrable anticipated research or development of the employer.

(2) Result from any work performed by the employee for the employer.

(b) to the extent a provision in an employment agreement purports to require an employee to assign an invention otherwise excluded from being required to be assigned under subdivision (a), the provision is against the public policy of this state and is unenforceable.
