ASSIGNMENT

WHEREAS, **Mueller Co. LLC**, a limited liability company of the State of **Delaware**, having its principal place of business at **633 Chestnut Street, Chattanooga, Tennessee 37450**, (hereinafter "Assignor") is the assignee and owner of the patents and pending patent applications identified in Exhibit A (attached), along with the inventions disclosed and described therein; and

WHEREAS, **Mueller International, LLC** a limited liability company of the state of Delaware, having its principal place of business at **1200 Abernathy Road, Suite 1200, Atlanta, Georgia 30328** (hereinafter "Assignee") is desirous of acquiring the entire right, title and interest in the same.

NOW, THEREFORE, for and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby sells, assigns and transfers unto Assignee, its successors, assigns, and legal representatives, the full, exclusive and entire right, title and interest: (i) in and to all inventions and improvements disclosed and described in the Patents, (ii) in and to the Patents and any resulting patent, (iii) in and to all right to sue, counterclaim and recover for past, present and future infringement of the rights assigned or to be assigned under this Assignment, including all income, royalties, damages and payments now or hereafter due or payable with respect thereto, and to all causes of action (either in law or in equity), (iv) in and to the right to claim any applicable foreign and domestic priority rights arising from the Patents; and (v) in and to any patent applications filed in the United States describing in whole or in part the inventions and improvements, preparatory to obtaining patents of the United States therefore; and Assignor hereby requests the Commissioner of Patents to issue any and all patents of the United States resulting from such patent applications, or from a division, continuation, continuation-in-part, or reissue thereof, in the name of Assignee, for its interest and for the sole use and behoof of Assignee and its successors, assigns and legal representatives.

For the same consideration, Assignor hereby sells, assigns and transfers to Assignee the full, exclusive and entire right, title and interest in and to any foreign patent applications corresponding to said Patents, in whole or in part, in countries other than the United States, in

and to any patents and similar protective rights granted on said foreign application, and in and to the right to claim any applicable priority rights arising from or required for said foreign application under the terms of any applicable conventions, treaties, statutes, or regulations; said foreign applications to be filed and issued in the name of Assignee or its respective designees, insofar as permitted by applicable law.

For the same consideration, Assignor agrees to sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and other applications, make all assignments and rightful oaths, and generally do everything possible to aid Assignee and its successors, assigns, legal representatives and nominees, to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world.
