Schedule D
Patent Assignment

This Assignment, dated September 5, 2018, is by and between Regelteo, Inc., a Delaware corporation having a principal place of business at 323 West Camden St., Suite 600, Baltimore, MD 21012 ("Buyer"), and, DePuy Synthes Products, Inc., a Delaware corporation, having a principal place of business at 325 Paramount Drive, Raynham, MA 02767 ("Seller").

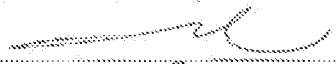

WHEREAS, Buyer is desirous of acquiring any and all right, title and interest that Seller has in the patent properties listed on Schedule A attached hereto and in patent properties related thereto, and Seller is desirous of transferring to Buyer any and all right, title and interest that Seller has in such patent properties;

NOW, THEREFORE, in consideration of the premises set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is agreed as follows:

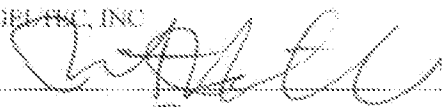

1. **Assignment of Patents.** Seller hereby grants, conveys and assigns to Buyer, any and all of Seller's right, title, and interest in and to the patents and patent applications identified on either of Schedule A and Schedule B hereof and any other patent or patent application (i) that claims priority to one or more patents or patent applications identified on either of Schedule A and Schedule B or (ii) from which a patent or patent application identified on either of Schedule A or Schedule B or claims priority, including but not limited to all divisionals, continuations, continuations-in-part, reissues, reexaminations, utility models, foreign counterparts, and extensions thereof;
2. **Covenant of Seller.** Seller represents, warrants, and covenants that Seller has the full right to execute this Assignment and has the full right to convey the right, title and interest herein assigned.
3. **Binding Effect and Benefits.** This Assignment shall be binding upon Seller and its respective successors and assigns and shall inure to the benefit of Buyer, its nominees, successors and assigns.
4. **Authorization, Request, and Papers.** Seller authorizes and requests the United States Commissioner of Patents, and all patent authorities in foreign countries, to issue in the name of Buyer any and all patents identified in or resulting from applications identified in Paragraph 1 above. Seller agrees to sign and execute any and all other papers necessary to secure title to any and all patents identified in or resulting from applications identified in Paragraph 1 above to Buyer.

WITNESS the due execution hereof as of the date stated above.
