PATENT ASSIGNMENT

This Patent Assignment (this "Assignment") is effective as of Nov. 21, 2018, 2018 ("Effective Date") between Sound Solutions International Co., Ltd., a private limited liability company organized under the laws of China, having its principal office and place of business at No. 20, Tongji South Road, Beijing Economic & Technology Development Area, Beijing, China 100176 (the "Assignor"), and SSI New Material (Zhenjiang) Co., Ltd., a private limited liability company organized under the laws of China, having its principal office and place of business at No. 16, Yangzijiang Road, Dagang Street, New District, Zhenjiang City, China (the "Assignee").

WHEREAS, Assignor, the owner (or joint-owner as indicated) of the patents set forth on Schedule A hereto, wishes to assign to Assignee, and Assignee wishes to obtain from Assignor, all of the Assignor's rights in and to the patents set forth on attached Schedule A, together with all associated patent rights to the inventions disclosed therein (the "Patents").

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is acknowledged, Assignor assigns to Assignee its entire right, title, and interest in and to the Patents, for the United States or for all other countries. This assignment includes, without limitation, any continuations, divisions, continuations-in-part, reissues, reexaminations, extensions or foreign equivalents of the Patents, and includes the subject matter of all claims that may be obtained therefrom, and all other corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, for Assignee's use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns, or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

This Assignment includes all income, royalties, damages, or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present, or future infringement or other unauthorized use of the Patents, together with the right to sue for and to collect such damages for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.

Except as may be expressly provided in a separate written agreement between the parties, Assignor makes no warranties, express or implied, with respect to the Patents.

Assignor authorizes and requests that the Patent Office officials in the United States and in any and all foreign countries to record Assignee as owner of the Patents. Assignor shall, at the cost and expense of Assignee, take all

reasonable actions and execute all documents necessary to record and perfect the interest of the Assignee in and to the Patents, and shall not enter into any agreement in conflict with this Assignment.

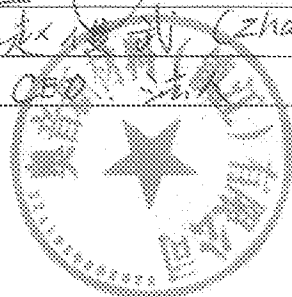

IN WITNESS WHEREOF, each party has caused this Assignment to be executed as of the indicated date by its duly authorized officer/representative.
