PATENT ASSIGNMENT

WHEREAS, I, Mark Steven Jeffries of Buford, Georgia (the "Inventor") have invented certain new and useful improvements related to FRAME WITH STRENGTHENED CORNERS the "Invention"), for which U.S. Provisional Patent Application 62/393,462 was filed on September 12, 2016, and as set forth in my non-provisional application for United States Letters Patent therefor, executed on even date herewith prior to filing of the application and an assignment of an application number, said non-provisional application being identified as Docket No. 010301-578904 (the "Applications"),

WHEREAS, AUSTIN HARDWARE AND SUPPLY, INC., a Missouri corporation, 950 N.W. Technology Drive, Lee's Summit, MO 64086 ("AUSTIN HARDWARE"), is desirous of acquiring an interest in, to and under said Invention, said Applications, and any and all Letters Patent which may be granted for or upon said Invention in the United States of America and all countries foreign thereto.

NOW THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Inventor has sold, assigned and transferred, and by these presents to sell, assign and transfer unto the said AUSTIN HARDWARE, the full and exclusive right, title and interest, throughout the world, in, to and under the following:

(a) said Invention as set forth and described in the specifications, if any, prepared, executed, to be executed or not executed by me therefor, preparatory to obtaining one or more patents of the United States and/or countries foreign thereto, whether prepared, executed and/or filed as a provisional application and/or a non-provisional application;

(b) said Applications;

(c) any and all non-provisionals, refilings, divisions, continuations and continuations-in-part of said Applications;

(d) any and all patents of the United States of America that may issue from said Applications, refilings, divisions, continuations and continuations-in-part;

(e) any and all reissues, reexaminations and extensions of said patents of the United States of America;

(f) any and all applications for patent for or upon said Invention that may be filed in any and all countries foreign to the United States of America;

(g) any and all refilings, divisions and continuations of said foreign-filed applications;

(h) any and all patents of countries foreign to the United States of America that may issue from the said foreign-filed applications, refilings, divisions and continuations; and,

(i) any and all extensions of, and additions to, said patents of countries foreign to the United States of America.

Inventor, their successors and assigns, hereby agrees to execute without further consideration any further lawful documents and any further assurances, and any divisional, continuing, reissue, or other applications for patents of any country, that may be deemed necessary by said AUSTIN HARDWARE fully to secure to said AUSTIN HARDWARE its interest as aforesaid in and to said Invention or any part thereof, and in and to said several patents or any of them.

Inventor hereby covenants and agrees to promptly communicate to the aforesaid assignee or its assigns full and complete information concerning improvements or betterments of the Invention. Inventor hereby covenants and agrees to assign full and exclusive right, title and interest, to and concerning and the improvements or betterments of the Invention to AUSTIN HARDWARE.

Inventor hereby covenants and agrees with said AUSTIN HARDWARE its successors and assigns, that Inventor has granted no right or license to make, use, or sell said Invention, to anyone except said AUSTIN HARDWARE, that prior to the execution of this assignment, Inventor's right, title and interest in said Invention has not been otherwise encumbered, and that Inventor has not executed and will not execute any instrument in conflict herewith.

ALL of the above shall be held and enjoyed by said AUSTIN HARDWARE, for its own use and benefit, and for its successors, legal representatives and assigns, to the full end of the term for which said Letters patent may be granted, and I do hereby authorize and request the Commissioner of Patents and Trademarks to issue the said Letters Patent in accordance with this Assignment.
