ASSIGNMENT

I, Wensheng HUA, residing at Fremont California, am an inventor of the subject matter described and claimed in the patents and applications (collectively, "Intellectual Property") listed in attached Exhibit A;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I hereby assign and transfer, and hereby agree to assign and transfer, to SKAOTLOM LLC (hereinafter referred to as "Assignee"), a corporation organized under the laws of Delaware, with an address of 48531 Warm Springs Blvd, Fremont, CA 94539, the entire right, title and interest in and to any and all inventions and improvements that are disclosed in the Intellectual Property (hereinafter referred to, individually and collectively, as "Invention") and to the patents, the applications, including all patents which may be granted therefrom, and all related applications (e.g., provisional applications, divisional applications, reissues, reexaminations, continuation applications, continuation-in-part applications, extensions thereof, design applications, applications in foreign countries, international applications, national phase applications, and the like). I hereby authorize and request the Commissioner of Patents and Trademarks to issue to Assignee all patents, for the Invention, or patents resulting therefrom.

I also hereby assign and transfer, and hereby agree to assign and transfer, to Assignee all right, title and interest to any and all applications for patent for the Invention throughout the world, including all rights of priority resulting from the filing of any application or any related application in the Intellectual Property, including but not limited to: the right to file applications and obtain patents, utility models, industrial models and designs for the Invention throughout the world, the right to claim priority from any application or any related application in the Intellectual Property when filing applications and obtaining patents, utility models, industrial models and designs for the Invention throughout the world.

I further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith, and generally do everything possible and necessary to perfect all rights, title and interest hereby assigned and transferred, and hereby agreed to be assigned and transferred, in and to Assignee.
