30th October 2015

Dear Sir/Madam

The Product Makers (Australia) Pty Ltd
ACN 007 217 496 ("the Company")

The Company confirms that pursuant to an asset sale agreement between the Company, Horizon Science Pty Ltd (Administrators Appointed) ("Horizon") and the Administrators of Horizon Science Pty Ltd (Barry Frederic Kogan and Matthew Wayne Caddy) dated on or about 28 September 2015 ("Completion Date"), Horizon agreed to sell on and from the Completion Date, certain assets to the Company, including its right, title and interest in all intellectual and industrial property rights of whatever nature (whether or not registered or registrable) owned by Horizon. The Company confirms, with effect from the date of this letter, the assignment to the Company of Horizon's right, title and interest in the intellectual property of Horizon which may include:

- (a) the intellectual property identified in the Schedule attached as Annexure "A" to this letter ("the Schedule");
- (b) all patents and applications:
 - i. that claim priority from one or more of the patents or patent applications identified in the Schedule;
 - ii. from which a patent or patent application identified in the Schedule claims priority; or
 - iii. which claim priority from one or more patents or patent applications from which a patent or patent application in the Schedule claims priority,including any extensions, continuations, continuations in part, divisionals, reissues or re-examinations of such a patent or patent application;
- (c) all technical information, know-how, trade and service marks, business names, domain names, copyright (including copyright in computer programs), designs, patents, logos, drawings, inventions, discoveries, research developments, trade secrets, rights in circuit layouts, rights in data bases and plant breeders rights;
- (d) any application or right to apply for registration of any of the rights in clause (b) or (c) and all renewals and extensions of those rights;
- (e) any and all accrued rights of action in relation to intellectual property, including, without limitation, the right to bring, make, oppose, defend, appeal proceedings, claims or actions and obtain relief (and to retain any damages recovered) in respect of any infringement, or any other cause of action;
- (f) the right to have confidential information kept confidential;
- (g) to the extent that the following rights are capable of transfer, all of Horizon's right, title and

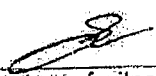

interest in any agreements under which Horizon has the right to use, but not ownership of, intellectual property used in connection with the business operated by Horizon; and

(h) ~~all other intellectual property as defined in article 2 of the Convention establishing the Intellectual Property Organising Organisation 1967 enforceable anywhere in the world.~~

If you have any questions relating to this letter, please contact Michael Keane 0419299501

Dear Sir/Madam

**Horizon Science Pty Ltd (Administrators Appointed)
ACN 109 575 635 ("the Company")**

We advise that Barry Frederic Kogan and Matthew Wayne Caddy ("Administrators") were appointed as joint and several administrators of the Company on 6 August 2015.

The Administrators confirm that pursuant to an asset sale agreement between the Company, the Administrators and The Product Makers (Australia) Pty Ltd ("TPM") dated on or about 28 September 2015 ("Completion Date"), the Company agreed to sell on and from the Completion Date, certain assets to TPM, including its right, title and interest in all intellectual and industrial property rights of whatever nature (whether or not registered or registrable) owned by the Company. The Administrators confirm, with effect from the date of this letter, the assignment to TPM of the Company's right, title and interest in the intellectual property of the Company which may include:

- (a) the intellectual property identified in the schedule attached as Annexure "A" to this letter ("the Schedule");
- (b) all patents and applications:
 - i. that claim priority from one or more of the patents or patent applications identified in the Schedule;
 - ii. from which a patent or patent application identified in the Schedule claims priority; or
 - iii. which claim priority from one or more patents or patent applications from which a patent or patent application in the Schedule claims priority,
 including any extensions, continuations, continuations in part, divisionals, reissues or re-examinations of such a patent or patent application;
- (c) all technical information, know-how, trade and service marks, business names, domain names, copyright (including copyright in computer programs), designs, patents, logos, drawings, inventions, discoveries, research developments, trade secrets, rights in circuit layouts, rights in data bases and plant breeders rights;
- (d) any application or right to apply for registration of any of the rights in clause (b) or (c) and all renewals and extensions of those rights;
- (e) any and all accrued rights of action in relation to intellectual property, including, without limitation, the right to bring, make, oppose, defend, appeal proceedings, claims or actions and obtain relief (and to retain any damages recovered) in respect of any infringement, or any other cause of action;
