## Confirmation of Assignment Patent

I/We **Risto Kallinen, Stephen Connelly, Paul Brown, Anssi Hyvärinen, Kimmo Eronen, Teemu Majander, Esa Rantala and Juha Piipponen**, as The "Inventor/-s" and "Assignor/-s" hereby finally and irrevocably assign my/our entire rights and title to the patentable invention included in the Invention disclosure entitled:

"ID01032: Multilayer composite feed beam"

to the Assignee, being: **SANDVIK MINING AND CONSTRUCTION OY**  
**PIHTISULUNKATU 9**  
**33330 TAMPERE**  
**FINLAND**

I/We confirm that as at the date of this Agreement I have assigned to the Assignee all my rights and title that I/We may have anywhere in the world in relation to the Invention. This Assignment includes the exclusive right for the Assignee to seek and obtain in its sole name patent or other intellectual protection for the Invention in any country, including the right to claim priority from any patent application describing the Invention. I undertake to, without delay, assist the Assignee in all work with patent applications that concern the Invention, including but not limited to signing all documents, providing necessary information and undertaking other reasonable measures which are necessary in order for the Assignee to be free and not limited by the terms of this Assignment to assign or otherwise convey any interest in the Invention to any third part.

This Assignment shall be governed by and construed in accordance with the laws of Finland.

Any dispute, controversy or claim arising out of or in connection with this Assignment or the validity hereof shall be finally settled by arbitration in accordance with the Rules of the Arbitration Institute of the Central Chamber of Commerce in Finland. The arbitral tribunal shall be composed of a sole arbitrator who shall be appointed in accordance with the said rules. The place of arbitration shall be Tampere, Finland.
