WHEREAS, I, Robert A. Smiley have invented certain new and useful compositions, methods and/or systems for which a utility United States patent application entitled "Compounds of Fatty Acids and Ammonium Fatty Acid Salts and Bactericidal Methods of Using the Same" is being filed herewith (referred to "Application"); and

WHEREAS, FALCON LAB, LLC, a corporation of Delaware, having its principal place of business located at 1212 Foulk Road, Cottage 4B, Wilmington, Delaware 19803, is desirous of acquiring the entire right, title and interest in and to Application and all inventions set forth therein and to all patent applications directed to such inventions throughout the world, and all right, title and interest in, to and under any and all patents granted thereon and other forms of legal protection thereto in the United States and throughout the world;

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) and for other good and valuable consideration, the receipt of which is hereby acknowledged, I hereby sell, assign, transfer and set over to FALCON LAB, LLC, all right, title and interest in and to the said invention throughout the world, and said Application for U.S. Patent, and any and all divisions, continuations, and reissues thereof, and any applications filed outside of the U.S. which claim priority to Application as well as all patents of the United States and foreign countries which may be granted therefrom including any reissues, divisionals, continuations, renewals and extensions and the like (collectively, the "Patents"), the same to be held and enjoyed by FALCON LAB, LLC for its own use and benefit, and for the use and benefit of its successors, assigns, or other legal representatives, to the end of the term or terms for which said Patents of the United States or foreign countries are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by us if this assignment and sale had not been made.

And I hereby authorize and request the Commissioner of Patents and other authorities in foreign countries to issue any and all patents on said invention or resulting from said Application and from any and all divisions, continuations, and reissues thereof, to FALCON LAB, LLC, as assignee of my entire interest, and hereby covenant that I have the full right to convey the entire interest herein assigned, and that I have not executed and will not execute any agreement in conflict herewith.

And I further hereby covenant and agree that I will, at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the title of said invention and to such patents as may be granted therefor, to FALCON LAB, LLC, its successors, assigns, or other legal representatives and that if FALCON LAB, LLC, its successors, assigns or other legal representatives shall desire to file any divisional, continuation, or to secure a reissue, or reexamination of such patents, or to file a disclaimer relating thereto, will upon request, sign all papers, make all rightful oaths and do all lawful acts requisite for the

filing of such divisional or continuation applications, or such application for reissue, or reexamination and the procuring thereof, and for the filing of such disclaimer, without further compensation but at the expense of said assignee, its successors, or other legal representatives.

And I do further covenant and agree I will, at any time upon request, communicate to FALCON LAB, LLC, its successors, assigns or other legal representatives, such facts relating to said invention and patents or the file history thereof as may be known to me, and testify as to the same in any interference or other litigation when requested so to do, without further compensation but at the expense of said assignee, its successors, or other legal representatives.
