**LOT PATENT DONATION PROGRAM
PATENT ASSIGNMENT AGREEMENT**

CONFIDENTIAL

THIS PATENT ASSIGNMENT AGREEMENT ("Agreement") is entered into by and between the undersigned Entity ("Assignee") and LOT Network Inc. ("Assignor"), and is effective upon the date of last signature of the Assignee and Assignor below (the "Effective Date").

NOW THEREFORE, Assignor and Assignee agree as follows.

1. Assignment of Assigned Patents

1.1. Assignment of Assigned Patents to Assignee. Subject to the terms and conditions of this Agreement (including the Licenses granted under Section 2), Assignor hereby assigns to Assignee all of Assignor's right, title, and interest in and to the Assigned Patents, including Assignor's rights under the Assigned Patents to sue for damages for past infringement of such Assigned Patents.

1.2. Delivery. Within a reasonable period following the Effective Date, Assignor will deliver to Assignee confirmatory assignments with respect to the Assigned Patents substantially in the form set forth in Schedule 2, signed by a duly authorized representative of Assignor. Upon Assignee's reasonable request within one (1) year of the Effective Date and at Assignee's expense, Assignor or its Affiliate, if applicable, will execute any further documents and instruments prepared by Assignee, as may be necessary and proper to record and perfect Assignee's right, title, and interest in and to the Assigned Patents in each applicable jurisdiction. Any such documents or instruments provided by Assignee will have terms and conditions reasonably acceptable to Assignor that are substantially similar to the form of patent assignment set forth in Schedule 2, except for any additional or different terms and conditions legally necessary for patent assignments or recordation in the particular jurisdiction, and will be in English or will be accompanied by an English translation. Notwithstanding anything in this Agreement to the contrary, Assignor has no other obligation to deliver any other documents, instruments or items.

1.3. Prosecution Fees. After the Effective Date, as between Assignor and Assignee, Assignee will assume responsibility for the prosecution of and payment of all fees associated with prosecuting and maintaining the Assigned Patents, as well as responsibility for preparing all paperwork and for paying all expenses necessary to perfect and record assignments of the Assigned Patents, including attorneys' fees, taxes and patent office fees in any jurisdiction; provided, however, that Assignee shall not have any obligation to prosecute or maintain any of the Assigned Patents or to perfect or record any assignments or otherwise incur any costs, fees, taxes or expenses in connection with the Assigned Patents. The parties agree Assignor will have no responsibility for any of the above items or any other liability relating to the Assigned Patents after the Effective Date.

1.4. No Other Rights. Except as expressly set forth in this Section 1, no rights are assigned or granted by Assignor to Assignee under this Agreement, whether by implication, estoppel, or otherwise. The assignment set forth in this Section 1 is specifically limited to Assignor's rights in the Assigned Patents listed in Schedule 1 and does not include any other Patents or Patent applications.

2. License Grant, Release, Conditions and Covenants

2.1. Grant by Assignee of License and Release to Licensees. With respect to each of the Assigned Patents and any Related Patents (collectively, the "Subject Patents"), and subject to the conditions and limitations of this Agreement, Assignee hereby grants to every Licensee:

(a) a present, fully-vested, irrevocable, worldwide, royalty-free, non-exclusive, non-sublicensable (except as provided in Section 2.4 below) license under the Subject Patents to make, have made, operate, have operated, use, sell, offer for sale, import, and otherwise distribute Products and Services at any time on or after the Effective Date; and

PATENT ASSIGNMENT AGREEMENT

(b) a release of any and all claims, liabilities and damages for all infringement of any of the Subject Patents occurring prior to the Effective Date or such later date upon which the respective Licensee becomes a Licensee under this Agreement.

2.2. Waiver and Immunity. With respect to each Subject Patent, the License constitutes a present, fully vested and irrevocable waiver of the right to sue for infringement of the respective Subject Patent against any Licensee or with respect to any Licensee's Products or Services. The License further includes immunity under the respective Subject Patent for use, reproduction, and further sale, offer for sale, and distribution of the Licensee's Products and Services by a distributor, reseller, re-licensor or customer of the Licensee, including reproduction and distribution of authorized copies of software sold or otherwise distributed (including by license of copies) by such Licensee.

2.3. Existing Rights. The assignment of the Assigned Patents is subject to any and all existing licenses, license rights, releases, covenants, standstills, encumbrances, estoppels, and other rights granted or created under any and all Subject Patents, whether express or implied, including any open source licenses, Assignor's LOT Agreement, and any license commitments to standards development organizations, consortiums or other similar industry bodies made prior to the Effective Date, whether by Assignor or any of its Affiliates or otherwise (collectively, "Existing Rights"), including rights granted under any agreement existing as of the Effective Date ("Existing Agreements"), all of which will remain in effect. Assignor will have the right to grant sublicenses, renewals and other rights with respect to the Subject Patents to the extent required under, or reasonably necessary for effectuating the purpose of, any Existing Agreement (as their terms existed as of the Effective Date). Assignor retains the sole right to receive and retain all royalties, payments, and other consideration under Existing Agreements with respect to the Subject Patents.

2.4. Sublicenses. The License granted to Assignor includes the right of Assignor to grant sublicenses (i) to any Affiliate of Assignor, (ii) to any third party in connection with such third party's making, using, selling, or otherwise disposing of any Products or Services of Assignor or any of its Affiliates, whether alone or in combination with such third party's products and services, (iii) to any of its Affiliates that cease to be an Affiliate of Assignor or to any acquirer of one or more of its businesses, product or service areas (each, a "Separated Business") for the Products or Services of such Separated Business, and (iv) as necessary, as reasonably determined by Assignor in its sole discretion, to satisfy or otherwise address an obligation under any Existing Agreement.

2.5. Subsequent Transfers. Assignor may Transfer any of the Subject Patents to an Affiliate of Assignor subject to the Affiliate's written agreement to take the Subject Patents subject to the terms and conditions of this Agreement, including the obligations under this section. Any Transfer of any of the Subject Patents by Assignor or any of its Affiliates to a third party Transferee will be made expressly subject to the written agreement of the Transferee to: (i) take the Subject Patents subject to the Licenses; (ii) covenant not to sue any Licensee or any third party with respect to any of Licensee's Products or Services, whether alone or in combination with such third party's products and services, (iii) reimburse Assignor, at Assignor's request, for all expenses incurred by Assignor in satisfying any legal obligations, discovery or document production required or compelled by a court of law or other governmental agency as part of any legal or administrative action, suit or proceeding concerning any of the Subject Patents and involving the Transferee; (iv) not to take any actions or positions that would result in Assignor being impleaded or joined to a litigation relating to any of the Subject Patents, including taking a position that Assignor is a necessary or indispensable party in any such litigation; (v) upon Assignor's request, execute and deliver all documents and instruments prepared by Assignor, as Assignor deems necessary and proper to record and perfect the Existing Rights and the Licenses under this Agreement; and (vi) make any Transfer by such Transferee to any subsequent Transferee subject to the subsequent Transferee's written agreement to the

obligations described above in clauses (i)-(vi) of this section; all of which will run with the Subject Patents and remain in effect notwithstanding any such Transfer.

2.6. Further Cooperation. Upon Assignor's request, Assignee will execute and deliver all documents and instruments prepared by Assignor, as Assignor deems necessary and proper to record and perfect the Existing Rights and the Licenses under this Agreement.

3. Term; Support of LOT

3.1. Term. This Agreement commences upon the Effective Date and shall remain in effect until the last to expire of all rights under the Subject Patents. The assignment under Section 1 is effective as of the Effective Date and will remain in effect notwithstanding any termination of this Agreement. The Licenses under Section 2 may not be terminated by Assignee or any Transferee for any reason and will remain in effect and survive notwithstanding any termination of this Agreement.

3.2. Support of LOT. Assignor is a LOT User or an Affiliate of a LOT User under the LOT Agreement. While Assignor remains within its Participation Period under the LOT Agreement, Assignee will include Assignor's name in Assignee's applicable list of LOT Users who have contributed patents to the LOT Patent Donation Program that is published on the LOT web site or other web page designated by Assignee for such purpose.

4. Warranties; Disclaimer

4.1. Representations and Warranties of Assignee. Assignee represents and warrants that: (a) it is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization; and (b) this Agreement has been duly authorized, executed and delivered by Assignee and is enforceable against Assignor.

4.2. Disclaimer. EXCEPT AS SPECIFIED IN SECTION 4.1, ALL RIGHTS TO THE SUBJECT PATENTS ARE PROVIDED ON AN AS-IS, WHERE-IS BASIS, AND NEITHER ASSIGNOR, ASSIGNEE NOR ANY OF THEIR AFFILIATES MAKES ANY REPRESENTATION OR WARRANTY OF ANY KIND. ASSIGNOR, ON BEHALF OF ITSELF AND ITS AFFILIATES, DISCLAIMS ALL REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

5. Limitations of Liability

5.1. Limitation of Liability. IN NO EVENT WILL ASSIGNOR'S TOTAL LIABILITY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OF THE SUBJECT PATENTS EXCEED ONE HUNDRED U.S. DOLLARS (US\$100). PROVIDED THAT ASSIGNEE DOES NOT ITSELF SUE ANY ENTITY FOR INFRINGEMENT OF THE SUBJECT PATENTS, IN NO EVENT WILL ASSIGNEE'S TOTAL LIABILITY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OF THE SUBJECT PATENTS EXCEED ONE HUNDRED U.S. DOLLARS (US\$100). IN NO EVENT WILL ANY LICENSEE (OTHER THAN ASSIGNOR) OR ANY AFFILIATE OF ASSIGNEE HAVE ANY OBLIGATION OR LIABILITY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OF THE SUBJECT PATENTS. THE PARTIES ACKNOWLEDGE THAT THE LIMITATIONS SET FORTH IN THIS SECTION ARE AN ESSENTIAL ELEMENT IN SETTING CONSIDERATION UNDER THIS AGREEMENT AND FORMS AN ESSENTIAL BASIS OF THE BARGAIN EMBODIED IN THIS AGREEMENT.

5.2. Limitation on Indirect Damages. NEITHER ASSIGNOR, ASSIGNEE NOR ANY LICENSEE WILL HAVE ANY OBLIGATION OR LIABILITY (WHETHER IN CONTRACT, WARRANTY, TORT, INCLUDING NEGLIGENCE OR OTHERWISE), AND NOTWITHSTANDING ANY FAULT, NEGLIGENCE

(WHETHER ACTIVE, PASSIVE OR IMPUTED), REPRESENTATION, STRICT LIABILITY OR PRODUCT LIABILITY, FOR ANY INCIDENTAL, INDIRECT, MULTIPLIED, PUNITIVE, SPECIAL OR EXEMPLARY DAMAGES OR LOSS OF REVENUE, PROFIT, SAVINGS OR BUSINESS ARISING FROM OR OTHERWISE RELATED TO THIS AGREEMENT OR ANY OF THE SUBJECT PATENTS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE PARTIES ACKNOWLEDGE THAT THESE EXCLUSIONS OF POTENTIAL DAMAGES ARE AN ESSENTIAL ELEMENT IN SETTING CONSIDERATION UNDER THIS AGREEMENT AND FORM AN ESSENTIAL BASIS OF THE BARGAIN EMBODIED IN THIS AGREEMENT.

6. Miscellaneous

6.1. Assignment. Each party may assign this Agreement to an Affiliate of such party upon written notice to the other party. Any other assignment of this Agreement by a party will require the written consent of the other party, not to be unreasonably withheld or delayed.

6.2. Relationship of the Parties. This Agreement does not create any relationship of agency, partnership, or joint venture among the parties or their Affiliates or any other LOT Users or their Affiliates.

6.3. Third Party Beneficiaries. Each Licensee is an intended third party beneficiary of this Agreement with respect to the License granted to such Licensee under Section 2.1 of this Agreement. Except as expressly provided herein, nothing in this Agreement is intended or shall be construed to give any Entity, other than the parties, any legal or equitable right, remedy or claim under or in respect of this Agreement or any provision contained herein. For avoidance of doubt, the LOT Users and their Affiliates (other than Assignor) do not grant any rights under this Agreement and shall not have any obligations or liability arising out of or relating to this Agreement or any of the Subject Patents.

6.4. Entire Agreement; Modifications. This Agreement constitutes the entire agreement and understanding of the parties with respect to the subject matter hereof and merges and supersedes all prior proposals, understandings, agreements, and other communications, oral or written, between the parties with respect to the subject matter hereof. Any amendment must be in writing, be signed by authorized representatives of both parties, and expressly state that it is amending this Agreement.

6.5. Bankruptcy. Assignee acknowledges and agrees that from and after the Effective Date, and notwithstanding any limitations or conditions in Section 2 or 3 that may apply, (i) this Agreement is an executory contract as that term is used in Section 365 of the United States Bankruptcy Code; (ii) the License granted by Assignee under this Agreement are subject to Section 365(n) of the Bankruptcy Code; (iii) for the purposes of Section 365(n) of the Bankruptcy Code, the Subject Patents constitute "intellectual property" within the scope of Section 101 of the Bankruptcy Code; and (iv) in the event that any bankruptcy is filed by or against Assignee or any Transferee, or the Assignee or any Transferee is adjudged bankrupt or insolvent, and the trustee in such bankruptcy rejects this Agreement, each Licensee will have the right to exercise all rights provided by Section 365(n), including but not limited to the right to retain its License rights under this Agreement and any agreement supplementary to this Agreement.

6.6. General Release Waiver. With respect to the releases granted in this Agreement, Assignee voluntarily and with full knowledge of its significance, expressly waives and relinquishes any and all rights they may have under any state or federal statute, rule or common law principle, in law or equity, relating to limitations on releases. SPECIFICALLY, ASSIGNEE HEREBY EXPRESSLY WAIVES ANY RIGHTS IT MAY HAVE UNDER CALIFORNIA CIVIL CODE SECTION 1542 WHICH PROVIDES THAT: "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS

OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

6.7. Notice. All notices and communications pursuant to this Agreement shall be in writing and signed by the Entity giving such notice and shall be deemed to have been given upon receipt or upon tender by electronic mail with a follow-on hardcopy using a priority or express courier, postage prepaid to the noticed party as follows: (a) in the case of the Assignor, to the email and mailing addresses provided on the signature page hereto, which addresses may be updated by notice from such Assignor to Assignee; and (b) in the case of the Assignee, to the email and mailing addresses for the LOT Administrator as of the date of notice as specified on the LOT website.

6.8. Construction. The section headings contained in this Agreement are for reference purposes only and shall not in any way control the meaning or interpretation of this Agreement. Unless the context otherwise requires, defined terms may be used in the singular or the plural or the present or past tense, depending upon the reference. As used in this Agreement, all references to: (a) "hereof," "herein," "hereunder" and other words of similar import refer to this Agreement as a whole, including all schedules; (b) "third party" means any Entity other than a party or an Affiliate of a party; (c) "infringe" (including, with correlative meanings, "infringement," "infringed," and the like) includes any and all infringement and alleged infringement, whether direct, indirect, contributory or by inducement, and whether or not willful; (d) "sell" means sell, distribute, lease, license, offer, provide, or otherwise make available and "sale," "sold" and other forms of the term "sell" have the correlative meaning; (e) "sue" includes filing or pursuing any action, suit or proceeding for patent infringement; (f) "including" or any variation thereof means "including, without limitation" and will not be construed to limit any general statement that it follows to the specific or similar items or matters immediately following it; and (g) the word "or" will be interpreted in its inclusive sense unless there is an express limitation to the contrary.

6.9. Governing Law. This Agreement will be interpreted, construed, and enforced in all respects in accordance with the laws of the State of New York, without reference to its choice of law principles. Each party irrevocably consents to the exclusive jurisdiction, forum, and venue of the state and federal courts in the State of New York in connection with any action, suit, proceeding, or claim arising under or by reason of this Agreement. The parties hereby consent to personal jurisdiction in those courts and waive any challenge to the jurisdiction, forum, or venue of these courts over these matters. However, the foregoing will not restrict or limit any Licensee, or any third party with respect to any Licensee's Products or Services, from immediately asserting a defense to infringement of any Subject Patents based on this Agreement in any legal action, suit or proceeding, regardless of jurisdiction or venue.

7. Definitions
