PATENT APPLICATION ASSIGNMENT

WHEREAS I, Thomas G. Stephens, of Euless, Tarrant County, Texas, United States of America, have invented a new and useful invention disclosed in the patent entitled "Device for Imparting Electrical Energy to One or More Plugs," Patent No. 9,437,993, filed on Jan. 08, 2016.

AND WHEREAS John P. (Jack) Methner of 1924 Lincolnshire, Bedford, Tarrant County, Texas, United States (hereinafter referred to as "ASSIGNEE") desires to acquire the entire right, title and interest in and to said invention and in and to any subsequent applications thereon and any Letters Patent that may be granted therefore in the United States and its territorial possessions and in any and all foreign countries and by any and all granting authorities;

AND WHEREAS I covenant and affirm that I have the full right to convey the interest assigned below, and have not executed any agreements in conflict herewith;

NOW, THEREFORE, in consideration of the sum of FIVE DOLLARS (\$5.00) and other valuable consideration, the receipt of which is hereby acknowledged, I sell, assign and transfer unto ASSIGNEE, 50% of the full and exclusive right to the said invention (which is all of my remaining interest) in the United States and its territorial possessions and in all foreign countries (including the right to claim priority under the terms of the International Convention and other relevant International Treaties and Arrangements from the aforesaid application, and the entire right, title and interest in and to any and all applications filed upon the said invention, any and all applications claiming priority thereto, including all divisionals, continuations and continuations-in-part thereof and any post-issue proceedings relating thereto, and to any and all Letters Patent which may be granted therefor in the United States and its territorial possessions and in any and all foreign countries or under any relevant International Treaties, and in and to any and all divisionals, continuations, continuations-in-part, reissues, reexaminations, substitutions and renewals thereof.

I hereby authorize and request patent office officials in the United States and its territorial possessions and any and all foreign countries and those authorities issuing patents under the International Convention, European Patent Convention, and Patent Cooperation Treaty, to issue any and all of said Letters Patent, when granted, to said ASSIGNEE as the assignee of my entire right, title and interest in and to the same, for the sole use and behoof of said ASSIGNEE, its successors and assigns, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by me had this Assignment and sale not been made.

Respecting the said invention and related applications and patents, I agree to: communicate with ASSIGNEE, its successors and assigns, or its representatives, any facts known to me; testify in any legal proceeding; sign all lawful papers; execute all divisional, continuation, continuation-in-part, substitute, renewal, and reissue applications and post-issue proceedings; execute all papers necessary for ASSIGNEE to establish its right to take action during prosecution, including under R. 3.73; execute all necessary assignment papers to cause any and all of said Letters Patent to be owned by ASSIGNEE, its successors and assigns; execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to said ASSIGNEE, its successors and assigns; make all rightful oaths; and do those acts that ASSIGNEE, its
