 a _____ corporation _____ of Delaware
 (Type of Assignee, e.g., individual, company, partnership, university, etc.)

having a principal place of business at 130 East Drive Street, Raleigh, North Carolina 27601.

I ("Assigner") and my successors, assigns, and legal representatives, the entire right, title, and interest for the
 United States and all foreign countries, as and to any and all inventions or improvements that are disclosed in
 the above identified application and in and to said application (provisional or non-provisional) and all
 provisional applications, non-provisional applications, utility applications, design applications, divisional
 applications, continuation applications, continuation prosecution applications, continuation-in-part applications,
 substitute applications, renewals of applications, reissue applications, reformulations, extensions, and all other
 patent applications that have been or shall be filed in the United States and all foreign countries on any of
 said inventions or improvements, and as and to all original patents, reissued patents, reexamination
 certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on
 said inventions or improvements, and as and to all rights of priority resulting from the filing of said
 application.

I agree that said Assignee may apply for and receive a patent or patents for said inventions or
 improvements in its own name, and that, when requested, without charge to, but at the expense of, said
 Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent
 and purpose of this Assignment, the undersigned will execute all provisional applications, non-provisional
 applications, utility applications, design applications, divisional applications, continuation applications,
 continuation prosecution applications, continuation-in-part applications, substitute applications, reissue
 applications, reissue applications, reformulations, extensions, and all other patent applications on any and all
 said inventions or improvements, execute all required oaths, assignments, powers of attorney, and other

papers, communicate to said Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to said inventions or improvements and the history thereof; and generally assist said Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for said inventions or improvements, and for vesting title to said inventions or improvements, and all applications for patents and all patents on said inventions or improvements, in said Assignee, its successors, assigns, and legal representatives; and

covenant with said Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.
