ASSIGNMENT

WHEREAS, Blackbird Tech LLC d/b/a Blackbird Technologies (hereinafter referred to as "Assignor"), residing at 200 Baker Avenue, Suite 203, Concord, MA 01742, is the sole and exclusive owner of the entire right, title and interest in, to and under in "System and method for control based on face or hand gesture detection," set forth in U.S. Patent No. 8,614,673 and in "System and method for control based on face or hand gesture detection," set forth in U.S. Patent No. 8,614,674 (the "Letters Patents"); and

WHEREAS, May Patents Ltd. (hereinafter referred to as "Assignee" and together with the Assignor are the "Parties"), wishes to acquire and Assignor wishes to assign all right, title and interest in and to said Letters Patents.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee, its successors, assigns, and other legal representatives, the entire right, title and interest in and to said Letters Patents, including the subject matter of all claims of said Letters Patents and the right to sue for past infringement thereunder, for its own use and benefit and the use and benefit of its successors, assigns, or other legal representatives, to the full end of the term for which said Letters Patents may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made.

AND for the same consideration, Assignor hereby authorizes Assignee to file patent applications (hereinafter referred to as "Applications") related to the Letters Patents, including all divisional, renewal, substitute, continuation, reissue and international applications, whether filed directly or under any international treaty or convention (including the Patent Cooperation Treaty and Paris Convention), that are based in whole or in part upon the Letters Patents. Assignor does hereby sell, assign, transfer and set over to Assignee, its successors, assigns, and other legal representatives, the entire right, title and interest in and to said Applications, including the subject matter of all claims of any and all Letters Patents that result from said Applications and the right to sue for past infringement thereunder, for its own use and benefit and the use and benefit of its successors, assigns, or other legal representatives, to the full end of the term for which said Letters

Patents may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made.

AND for the same consideration, Assignor hereby represents and warrants to Assignee, its successors, assigns, and other legal representatives, that Assignor is the sole and lawful owner of the entire right, title and interest in and to said Letters Patents, and that the same is free and clear of any liens or encumbrances and that Assignor has the full right and lawful authority to make this assignment, that all licenses, covenants and any other obligations related to this patent have been disclosed to Assignee, and that it has not executed and will not execute any agreement or other instrument in conflict herewith.

This Assignment constitutes the entire, full and complete agreement between the Parties concerning the subject matter hereof, and supersedes all prior agreements, negotiations, representations, and discussions written or oral, express or implied, between the Parties in relation thereto.

Assignor authorizes and requests the relevant legal authority to record Assignee as owner of said Letters Patents.

Assignor and Assignee hereby authorize the following individuals the power to correct errors in this Assignment, or to insert any further identification or other information necessary or desirable to make this Assignment suitable for recordation with the relevant legal authority.
