## SUPPLEMENTAL ASSIGNMENT AGREEMENT

This Supplemental Assignment Agreement ("Supplemental Assignment") is entered into by and between Drone-Control, LLC, a Delaware limited liability company, hereinafter referred to as "Assignee," and Synergy Drone, LLC, a Texas limited liability company, hereinafter referred to as "Assignor," and shall become effective upon being duly signed by the authorized representative of Assignor ("Effective Date").

### RECITALS:

On August 3, 2018, Assignor and Assignee entered into an Assignment Agreement ("Original Assignment," attached hereto), the intent of which was to transfer all rights, titles and interests in and to the inventions contained in the United States patents and pending application, as well as further rights thereto, detailed below.

To the extent any such rights, titles or interests were not transferred from Assignor to Assignee as part of the Original Assignment, Assignor and Assignee are entering into this Supplemental Assignment concerning United States Patent Numbers 8,200,375, 8,380,368, 8,649,918 9,079,116 and 9,568,913, as well as U.S. Patent Application Numbers 15/392,687 and 15/923,289 (collectively these assets are referred to herein as the "Patents").

For good and valuable consideration, Assignor and Assignee hereby agree as follows:

### ASSIGNMENT:

1. In addition to all rights conveyed under the Original Assignment, Assignor hereby assigns to Assignee, *nunc pro tunc*, its entire worldwide right, title and interest in and to the inventions in the Patents, as well as any patent resulting from a pending application, a continuation application, a divisional application, any foreign counterparts, or any future application or proceeding relating to any of the Patents. This includes, without limitation, Assignor's right to prosecute, and receive, all damages, royalties, awards and compensation for past, present and/or future infringement.
2. Assignor agrees to do the following without further consideration, in order to carry out the intent of this Supplemental Assignment:
  - i. Execute all oaths, assignments, applications, and other papers necessary or desirable to fully secure to Assignee the rights, titles and interests herein conveyed; and
  - ii. Generally do all lawful acts for vesting in Assignee the rights, titles, and interests herein conveyed.
3. Assignor has not made and will not hereafter make any assignment, grant, mortgage, license, or other agreement affecting the rights, titles, and interests herein conveyed to Assignee, except as listed in Exhibit A – Existing Rights.

4. Assignor hereby represents and warrants that Assignor has the authority to assign the applicable Patents pursuant to this Supplemental Assignment.

The undersigned having read this Supplemental Assignment and the Original Assignment and fully understanding the provisions of the Supplemental Assignment and the Original Assignment, hereby executes this Supplemental Assignment as of the Effective Date.
