PATENT ASSIGNMENT

THIS ASSIGNMENT OF PATENTS is made as of October 1, 2015, by and between Red Leopard, LLC, a Delaware limited liability company ("Assignor") and Natural Chemistry L.P., a Delaware limited partnership ("Assignee").

WHEREAS, Assignor and Assignee are parties to a certain Intellectual Property Assignment Agreement effective as of October 1, 2015, (the "Agreement") under the terms of which Assignor agrees to transfer, and Assignee agrees to acquire, certain intellectual property assets;

WHEREAS, Assignor is the owner of the entire interest of the United States patents listed on Schedule 1 attached hereto (the "Patents"), which constitute part of the acquired intellectual property;

WHEREAS, pursuant to the Agreement, Assignee desires to obtain all of Assignor's rights, title and interest in, to and under the Patents;

NOW, THEREFORE, effective as of the date set forth below, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby transfer, convey, assign and deliver to Assignee and its successors and assigns its entire right, title and interest, in and to the Patents, and the underlying inventions described therein, and all divisions, renewals, reissues, continuations, and continuations-in-part thereof, together with all licenses to which Assignor is a party and which relate to the Patents, including the right to collect all royalties or any other payments which are or become due and payable to Assignor under said licenses, and any other income, royalties, damages, and payments now or hereafter due or payable to Assignor with respect to said Patents, and all causes of action (either in law or in equity) and the right to sue, and recover for past, present, or future infringement of the rights assigned to Assignee hereunder.

Assignor hereby agrees to execute all papers and to perform such other proper acts as Assignee or its successors or assigns may deem reasonably necessary to secure to Assignee, or to its successors or assigns, the rights hereby transferred.

Assignor hereby requests the Commissioner of Patents and Trademarks (the "Commissioner") to record this Assignment to Assignee. Assignor hereby covenants that it has the full right to convey the interest herein assigned, and that it has not executed, and will not execute, any agreements inconsistent herewith.

[Signature page follows]

WHEREFORE, Assignor has caused this Patent Assignment to be duly executed below, on the date indicated, by its duly authorized officer.

Dated as of October 1, 2015
