IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

U.S. PATENT APPLICATION NO. PCT/US17/047138
FILING DATE August 16, 2017
INVENTOR Richard P. Bushman
ASSIGNEE RJC Products, LLC
ATTORNEY'S DOCKET NO 74658.0024
TITLE "Valve for Fluid Injector"

PATENT ASSIGNMENT

Inventor:

Richard P. Bushman
1364 Helmo Avenue North
Oakdale, MN 55128

Assignee:

RJC Products, LLC
1364 Helmo Avenue North
Oakdale, MN 55128

BACKGROUND OF THE ASSIGNMENT

INVENTOR has conceived a certain new and useful invention disclosed in a United States patent application titled "Valve for Fluid Injector."

ASSIGNEE desires to acquire the entire right, title and interest in the invention and with respect to any Letters Patent or grant of rights equivalent thereto that may be granted with respect to the invention in both the United States and in all foreign countries.

THE PARTIES AGREE AS FOLLOWS:

INVENTOR does hereby sell, assign and transfer RJC Products, LLC, a Minnesota limited liability company, the entire right, title and interest in the above identified application executed concurrently with this assignment and to any nonprovisional, reissue, divisional, continuation, renewal, substitute, and all other applications for patent and the legal equivalent thereof relating to the above identified application, and hereby authorize the Commissioner of Patents and Trademarks to issue such Letters Patent to RJC Products, LLC for the sole use of RJC Products, LLC, its successors or assigns.

INVENTOR further agrees to execute, at the request and expense of RJC Products, LLC such other formal documents as may be required to fully convey the interest transferred herein and will similarly execute any application papers required for the filing of any nonprovisional, division, continuation or reissue of the patent application or resulting Letters Patent and will generally do everything necessary or desirable to obtain and enforce proper protection for the invention assigned hereby.

INVENTOR further assigns to RJC Products, LLC the whole right, title and interest in the invention disclosed in the application throughout all countries foreign to the United States. RJC Products, LLC is hereby authorized to apply for patents relating to the invention in its own name in countries where such procedure is proper to claim the benefit of the International Convention to file and prosecute International Applications relating to the invention under the Patent Cooperation Treaty and to file and prosecute applications relating to the invention under the European Patent Convention. INVENTOR agrees to execute applications relating to the invention in those countries and under those conventions where it is necessary that the same be executed by the inventors, and to execute assignments of such applications and the resulting

Letters Patent to RJC Products, LLC as well as all other necessary papers in relation to such applications and Letters Patent.

Signed on August 14, 2017.
