### **PATENT ASSIGNMENT**

This assignment is made on the date indicated below by GBH Communications, Inc., a California corporation, having a place of business at 1309 S. Myrtle Avenue, Monrovia, California 91016 ("Assignor") to VisibilityOne Corp., a California corporation, having a place of business at 1309 S. Myrtle Avenue, Monrovia, California 91016 ("Assignee");

WHEREAS, Assignor presently owns all right, title, and interest in and to the following patents and patent applications, as well as any patent applications related thereto as a parent or child, in the United States and worldwide (hereafter collectively referred to as the "Patent Properties"):

<b>Title / C&amp;T Matter No.</b>	<b>Filing Date</b>	<b>Application or Patent No.</b>	<b>Assignment Reel/Frame No.</b>
Videoconference Equipment Monitoring System (provisional) / 16-31444	April 5, 2016	62/318,498	038196/0828
Videoconference Equipment Monitoring System (non-provisional) / 15-30452	July 20, 2016	15/215,413 (now U.S. Patent No. 9,584,762)	039202/0955

Videoconference Equipment Monitoring System (continuation-in-part) / 18-36506	April 23, 2018	15/959,533	045609/0483

WHEREAS, Assignee desires to acquire by formal, recordable assignment Assignor's entire right, title, and interest in and to the Patent Properties in the United States and throughout the world.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, its entire right, title, and interest in and to said Patent Properties in the United States and throughout

the world, including the exclusive right to file any provisional, design, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application(s) based on the Patent Properties directly in the name of Assignee, and to claim any priority rights to which such applications are entitled under national laws, international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, Assignor, its legal representatives, and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Properties (or any rights related thereto or based thereon) in the United States and throughout the world, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Patent Properties, and any patents granted thereon in the United States and throughout the world.

Assignor represents and warrants that it has not granted, and will not grant, to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States, and of all foreign countries, to issue any Patent granted from said Patent Properties, or from any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application(s), to Assignee, its successors and assigns, as the assignee of the entire interest in said Patent Properties.

PATENT ASSIGNMENT

This assignment made on April 20, 2018 by Jose De La Paz of 1309 S. Myrtle Avenue, Monrovia, CA 91016 (Assignor) to GBH Communications, Inc., having a place of business at 1309 S. Myrtle Avenue, Monrovia, CA 91016 (Assignee);

WHEREAS, Assignor has invented new, original and useful embodiments of an invention entitled Videoconference Equipment Monitoring System (Inventions) for which a United States patent application will be filed, further identified by Cisko & Thomas' Docket No. 18-36506 (Patent Application);

WHEREAS, Assignor believes himself to be the original inventor of a claimed invention in the Patent Application;

WHEREAS, the above-identified Patent Application was made or authorized to be made by Assignor; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment their entire right, title, and interest in and to said Inventions, and said Patent Application in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, his entire right, title, and interest in and to said Inventions, and said Patent Application for said Inventions in the United States and throughout the world, including the exclusive right to file any provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Inventions directly in the name of Assignee and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, Assignor, his legal representatives, and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Patent Application in the United States and throughout the world for said Inventions, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Inventions, and said Patent Application filed, and any patents granted for said Inventions in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Inventions, whether on an application for said Inventions, said Patent Application, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of their entire interest in said Inventions.
