#### ASSIGNMENT

This Assignment is entered into between Millennium Sciences Inc. ("Assignor"), a New York corporation, having an address at 944 Park Avenue, New York, NY 10028 and Aspen Park Pharmaceuticals, Inc. ("Aspen"), a Delaware corporation, having an address at 944 Park Avenue, New York, NY 10028.

WHEREAS, Assignor is the sole owner of the patents and patent applications identified in Schedule A attached hereto (the "Patent Properties");

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration in hand paid, the receipt and sufficiency whereof are hereby acknowledged, Assignor hereby assigns and transfers to Aspen and its successors and assigns ("Assignee") the entire right, title and interest that Assignor has in the Patent Properties, any invention or improvements disclosed in the Patent Properties, any and all other applications and, including, without limitation, divisional, continuation, and substitute, both United States and foreign, which may claim priority to any of the Patent Properties, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any reissue, re-examination or extension of such patents, and further assigns to Assignee the priority right provided by the International Convention.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue said Letters Patent to said Assignee.

Assignor warrants himself to be the owner of the entire right, title and interest in the Patent Properties, and said invention or improvements and to have the right to make this assignment, and further warrant that there are no outstanding prior assignments, licenses, or other encumbrances on the interest herein assigned.

For said considerations Assignor hereby agree, upon the request and at the expense of Assignee to execute any and all divisional, continuation and substitute applications for said invention or improvements, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said application and any and all applications and other documents for Letters Patent in foreign countries on said invention or improvements, that Assignee may deem necessary or expedient, and for the said considerations Assignor authorize said assignee to apply for patents for said invention or improvements in its own name in such countries where such procedure is proper and further agree, upon the request of Assignee to cooperate to the best of the ability of Assignor with Assignee in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain, maintain and enforce said Letters Patent, both United States and
