REN

WHEREAS, in accordance with Section 2.01 of the Agreement, Assignor desires to make effective as of the Assignment Date, the assignment of all of its right, title and interest in and to the Oncology Assay Patent Rights, including the patents and patent applications identified on the attached Patent Schedule, and any and all and all reissues, divisions, re-examinations, renewals, extensions, continuations, and continuations-in-part thereof (the "Patent Properties").

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants, agreements, representations and warranties contained in this Assignment and in exchange for other good and valuable consideration, receipt and sufficiency of which are hereby acknowledged by the Parties, the Parties hereby agree as follows.

1. Assignor hereby assigns to Assignee all right, title and interest in and to the Patent Properties, including, without limitation, all rights to sue or otherwise recover for past, present and future infringement of such rights, and to receive all damages, payments, costs and fees associated with the enforcement of such rights, as well as all rights to license, assign, pledge and/or otherwise exploit the Patent Properties.

2. Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and corresponding authorities in all other jurisdictions, worldwide, to record the title of Assignee as owner of all right, title, and interest in and to the Patent Properties.

3. Assignor will, at the expense of Assignee, execute and deliver such further instruments including, without limitation, further instruments of assignment, as Assignee may reasonably request in order to register this Assignment at the appropriate registries and to demonstrate Assignee's title to the Patent Properties.

4. Each of the Parties hereby acknowledges and agrees that none of the representations, warranties, covenants, rights or remedies of any Party under the Agreement shall be deemed to be enlarged, modified or altered in any way by the execution and acceptance of this instrument.

5. Assignee hereby accepts the foregoing assignment and hereby assumes all of the obligations of Assignor under the Patent Properties from, after and including the Assignment Date.

6. This Assignment shall be binding upon and shall inure to the benefit of the Parties hereto and their respective successors and assigns.

7. This Assignment may be executed in counterparts, each of which shall constitute an original, and all of which taken together shall constitute one and the same instrument.
