INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (this “Assignment”) is made as of May 23, 2016, by Mobile Defense, Inc., a Delaware corporation (“Assignor”), and TS Holdings, Inc., a Delaware corporation (“Assignee”).

WHEREAS, Assignor has agreed to sell, convey, assign and transfer to Assignee, and Assignee has agreed to accept, all worldwide rights, title and interest in, to and under any and all intellectual property and proprietary rights of any kind or nature of the Assignor, including those set forth in Exhibit A attached hereto (hereinafter referred to as the “Assets”); and

WHEREAS, Assignor wishes to confirm and perfect its transfer and assignment to Assignee, and Assignee wishes to confirm and perfect the transfer and assignment of all of Assignor’s worldwide rights, title and interest in, to and under the Assets.

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth in this Assignment, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignor does hereby sell, convey, assign and transfer to Assignee, and Assignee hereby accepts the sale, conveyance, assignment and transfer of all of Assignor’s worldwide rights, title and interest in, to and under the Assets, all to be held and enjoyed by Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

2. In consideration for the sale, conveyance, assignment and transfer of the Assets to Assignee, Assignee shall pay Assignor, on the date hereof, an aggregate amount [REDACTED]

3. Assignor hereby authorizes and requests the U.S. Patent and Trademark Office, the U.S. Copyright Office, the corresponding entities or agencies in any other applicable countries or jurisdictions, and any other competent state, provincial or local governmental authority to record Assignee as the assignee and owner of any of the Assets, as applicable, including any continuations, divisions, continuations-in part, reissues, reexaminations or extensions thereof, and to issue any and all letters patent of the United States thereon to Assignee, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee, its successors, assigns or other legal representatives. Assignor agrees to promptly carry out jointly with Assignee the formal transfer of any domain names included in the Assets to Assignee in accordance with the domain name transfer procedures of the applicable registrars for each of the domain names. Assignor hereby agrees to take such action as required or necessary to effect the transfer of domain names to Assignee (or its designee), including, without limitation, releasing any “lock” placed on domain names, obtaining authorization codes and providing them to Assignee, confirming the requested transfer upon receipt of a request to do so from the registrar used by Assignee for the transfer of domain names, and executing and delivering all authorizations necessary to effectuate the electronic transfer of domain names.

4. From time to time, at the reasonable request of another party, without further consideration and at the expense of the party so requesting, each of the parties shall execute and deliver to such requesting party, or shall cause to be executed and delivered to such requesting party, such additional instruments or documents, and shall take or cause to be taken such other action, as such requesting party may reasonably request in order to consummate more effectively the transactions contemplated hereby.

5. This Assignment may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when each party hereto shall have received counterparts hereof signed by each of the other parties hereto. If any signature is delivered by facsimile transmission or electronic transmission (in PDF, TIFF or any similar format), such signature shall create a valid and binding obligation of the party executing (or on whose behalf the signature is executed) with the same force and effect as if such facsimile or electronic signature were an original thereof.

6. The terms and conditions of this Assignment inure to the benefit of Assignee, its successors and assigns, and are binding upon Assignor, its successors and assigns.

7. THIS ASSIGNMENT, THE NEGOTIATION, EXECUTION OR PERFORMANCE OF THIS ASSIGNMENT, THE TRANSACTIONS CONTEMPLATED HEREBY, AND ANY DISPUTES ARISING UNDER OR RELATED HERETO (WHETHER FOR BREACH OF CONTRACT, TORTIOUS CONDUCT OR OTHERWISE) (COLLECTIVELY, THE "TRANSACTION MATTERS") SHALL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, WITHOUT REFERENCE TO ITS CONFLICTS OF LAW PRINCIPLES. EACH PARTY (A) IRREVOCABLY AGREES THAT ANY ACTIONS AGAINST THEM ARISING OUT OF OR IN CONNECTION WITH THIS ASSIGNMENT OR THE TRANSACTION MATTERS OR DISPUTES RELATING HERETO (WHETHER FOR BREACH OF CONTRACT, TORTIOUS CONDUCT OR OTHERWISE) SHALL BE BROUGHT EXCLUSIVELY IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF NEW YORK, OR, IF SUCH COURT DOES NOT HAVE JURISDICTION, THE STATE COURTS OF NEW YORK LOCATED IN NEW YORK COUNTY, (B) HEREBY IRREVOCABLY ACCEPTS AND SUBMITS TO THE EXCLUSIVE JURISDICTION AND VENUE OF THE AFORESAID COURTS *IN PERSONAM* WITH RESPECT TO ANY SUCH PROCEEDING AND WAIVES TO THE FULLEST EXTENT PERMITTED BY LAW ANY OBJECTION THAT IT MAY NOW OR HEREAFTER HAVE THAT OR ANY CLAIM THAT IT IS NOT SUBJECT PERSONALLY TO THE JURISDICTION OF THE ABOVE-NAMED COURTS, THAT ITS PROPERTY IS EXEMPT OR IMMUNE FROM ATTACHMENT OR EXECUTION, THAT SUCH ACTION IS BROUGHT IN AN INCONVENIENT FORUM, THAT THE VENUE IS IMPROPER OR THAT THIS ASSIGNMENT OR THE TRANSACTION MATTERS MAY NOT BE ENFORCED IN OR BY ANY OF THE ABOVE-NAMED COURTS AND (C) IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY RIGHT TO TRIAL BY JURY WITH RESPECT TO ANY ACTION ARISING OUT OF OR RELATING TO THIS ASSIGNMENT OR THE TRANSACTION MATTERS.

Exhibit A

Assets

- The Assets include all “Company Intellectual Property,” as defined below. For purposes of the definition of Assets:

“Company Intellectual Property” means all Intellectual Property that is owned (solely or jointly with others) by, or licensed by a third party to, or is otherwise used or held for use by, the Company, other than Off-the-Shelf Software.

“Copyrights” means all copyrights, mask works, and other rights in any works of authorship of any type, in all forms, media or medium, now known or hereinafter developed, and whether or not completed, published, or used, including all drafts, plans, sketches, artwork, layouts, copy, designs, photographs, illustrations, collections, serials, printed or graphic matter, slides, compilations, serials, promotions, audio or visual recordings, transcriptions, Software, and all derivative works, translations, adaptations, or combinations of any of the foregoing, all registrations and applications therefor and all extensions, restorations, and renewals of any of the foregoing, all worldwide rights and priorities afforded under any Law with respect to any of the foregoing, and all termination rights, moral rights, rights of publicity, author rights and all other rights associated therewith.

“Governmental Authority” means any U.S. federal, state or local or any supra-national or non-U.S. government, political subdivision, governmental, regulatory or administrative authority, instrumentality, agency, body or commission, self-regulatory organization or any court, tribunal or judicial or arbitral body.

“Intellectual Property” means any and all intellectual property and proprietary rights of any kind or nature, whether protected, created or arising under any Law, including all: (a) Copyrights and copyrightable subject matter, (b) Trademarks, (c) Patents, (d) domain names, (e) Social Media, (f) registered designs, (g) databases, compilations of data, data (including personally identifiable information) and aggregated data, (h) moral rights, rights of publicity and other rights to use or exploit the name and likeness of any individual, (i) discoveries, concepts, ideas, know-how, inventions (whether or not patentable and whether or not reduced to practice), invention disclosures, improvements, trade secrets, proprietary information, confidential information, technology, processes, processing methods, manufacturing techniques, logics, algorithms, designs, design rights, specifications, schematics, work-flow diagrams, work product, and technical data and all other proprietary or confidential information, including customer lists, supplier lists, pricing and cost information, and business and marketing plans, in any form whether or not specifically listed herein, and all rights to limit the use or disclosure of any of the foregoing, and all documentation relating to any of the foregoing, (j) Software and application programming interfaces, (k) corresponding recordings, licenses or similar agreements relating to any of the foregoing, (l) rights to bring an action for any past, present or future infringement, dilution, misappropriation or other impairment or violation of rights and to seek and receive damages, proceeds or any other legal or equitable protections and remedies with respect to any past, present or future infringement, dilution, misappropriation or other

impairment or violation of rights, and (m) similar or equivalent rights to or embodied in any of the foregoing anywhere in the world.

“Laws” means all laws (including common law), statutes, rules, regulations, ordinances, codes, directives, requirements and other pronouncements or interpretations having the effect of law that have been issued, established or promulgated by any Governmental Authority.

“Off-the-Shelf Software” means non-customized, off-the-shelf Software that is identified in Schedule I below and is generally commercially available and is mass marketed and licensed pursuant to a standard form click-wrap or shrink-wrap agreement that is not subject to any negotiation, with the exception of Open Source Software.

“Open Source Software” means any Software that is licensed or otherwise made available pursuant to: (a) any license that is, or is substantially similar to a license approved by the Open Source Initiative (currently listed at <http://www.opensource.org/licenses>), which licenses include all versions of the Apache License, GNU General Public License (GPL), the GNU Lesser General Public License (LGPL), the GNU Affero GPL, the MIT license, the Eclipse Public License, the Common Public License, the CDDL, the Mozilla Public License (MPL), the Artistic License, the Netscape Public License, the Sun Community Source License (SCSL), and the Sun Industry Standards License (SISL), (b) any license under which Software is distributed or licensed as “free software,” “open source software,” or under similar terms, or (c) any license that requires or that conditions any rights granted in such license upon (i) the disclosure, distribution or licensing of any other Software (other than such item of Software in its unmodified form), (ii) a requirement that any disclosure, distribution or licensing of any other Software (other than such item of software in its unmodified form) be at no charge, (iii) a requirement that any other licensee of the Software be permitted to modify, make derivative works of, or reverse-engineer (other than as prohibited under law) any such other Software, or (iv) a requirement that such other Software be redistributable by other licensees, in each case of (a), (b), and (c), whether or not source code is available or included in such license.

“Patents” means all issued patents and applications therefor, including all applications and filings made pursuant to the Patent Cooperation Treaty (PCTs), provisionals, non-provisionals, converted provisionals, requests for continued examination, continuations, divisionals, continuations-in-part, substitutions, additions, reexaminations and reissues, oppositions, *inter partes* review, post-grant review, transitional program for covered business method patent review, derivation proceedings, or other proceedings established by the America Invents Act, all rights in respect of utility models and certificates of invention, and all worldwide rights and priorities afforded under any Law with respect to any of the foregoing, and all extensions, restorations, and renewals of any of the foregoing.

“Social Media” means social media names, handles, tags, and other identifiers and accounts.

“Software” means all computer software, programs and databases in any form, including Internet web sites, web content and links, source code, object code, development tools, operating systems and specifications, data, databases, database management code, utilities, graphical user interfaces, menus, images, icons, forms, methods of processing, software engines, platforms and

data forms, and all versions, updates, corrections, derivations enhancements and modifications thereof, and all related documentation, developer notes, comments, annotations files, records and data on all media on which any of the foregoing is recorded.

“**Trademarks**” means all trademarks, service marks, trade names, service names, brand names, trade dress rights, logos, designs, product configuration rights, certification marks, collective marks, collective membership marks, corporate names, and all words, names, symbols, colors, shapes, designations or devices, and all combination thereof, that function as an identifier of source, origin, quality or membership, whether or not registered, all registrations and applications therefor and all renewals of any of the foregoing, and all worldwide rights and priorities afforded under any Law with respect to any of the foregoing, including all statutory and common law rights therein and thereto, together with all goodwill associated with the use of, or symbolized by, any of the foregoing.

- Without limiting the generality of the foregoing, the Assets also include:
