ASSIGNMENT OF RIGHTS:
U.S. PATENT NO. 7,610,926

STRONGARM INC., with business address of 13000 W. Heiden, Suite 3209, Lake Bluff, Illinois, 60044 ("Assignor") is current owner of the MOBILITY DEVICE as described and claimed in the U.S. Patent Application filed in the United States Patent and Trademark Office (USPTO) and assigned U.S. Patent Application Serial Number: 11/804,286 on 17 May 2007, later issued as U.S. Patent No. 7,610,926 on 03 November 2009 (the "Patent").

MICHAEL E. ADAMS, with current resident address of 3157 S. Princeton, Chicago, Illinois, 60616, the inventor of the MOBILITY DEVICE made the subject of the Patent ("Assignee"), desires to acquire the entire right, title, and interest in and to the Patent (and any reissues or extensions) that may be granted therefrom.

Therefore, for valuable consideration, the receipt of which is acknowledged, Assignor assigns to Assignee 100% of its right, title, and interest in the invention and the Patent to Assignee for the entire term of the issued Patent and any reissues or extensions that may be granted.

Assignor authorizes any patent-issuing authority to record the transfer of ownership of the Patent to Assignee according to the percentage interest indicated in this assignment. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

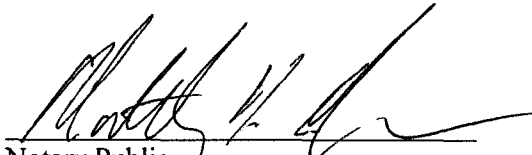

Assignor further agrees to: (a) cooperate with Assignee in the prosecution and maintenance of the Patent; (b) execute, verify, acknowledge and deliver all necessary papers, including instruments of transfer; and (c) perform such other acts as Assignee lawfully may request to obtain or maintain the Patent for the invention in any and all countries.
