ASSIGNMENT

ASSIGNOR: Paul G. Kwiat

ASSIGNEE: The Board of Trustees of the University of Illinois
352 Henry Administration Building
506 South Wright Street
Urbana, IL 61801

TITLE: Reconfigurable Free-Space Quantum Cryptography System

ATTORNEY DOCKET: 2895/195

APPLICATION NO.: 15/434,313 FILED: February 16, 2017

PRIORITY APPLICATION NO.: 62/301,072 FILED: February 29, 2016

Assignor is a joint inventor of the above invention (the "Invention") described in United States patent applications (the "Applications") bearing the above attorney docket number and having as a title the above name for the Invention. The Applications have a Patent and Trademark Office filing date and application number as indicated above, or if no filing date and application number are shown, have a Declaration executed by Assignor contemporaneously with this Assignment.

For valuable consideration, receipt of which is acknowledged, Assignor hereby assigns to Assignee (which term shall include Assignee's successors and assigns), all of Assignor's right, title and interest in the Invention, all improvements therein, the Applications and all priority rights arising therefrom, and any patents, and any reissues and extensions thereof, which issue in any country upon any patent applications which correspond with any of the following: the Applications, any divisional, continuation-in-whole, or substitute United States application which is based on the Applications; or any continuation-in-part United States application (including divisions, continuations-in-whole or -in-part, and substitutions thereof or therefor) based in-part on any of the above described applications; and Assignee accepts that assignment.

Assignor further agrees that such Assignor and Assignor's heirs and legal representatives will, without further consideration, cooperate with Assignee in the prosecution of all of the above applications, execute, verify, acknowledge and deliver all such further papers, including applications for patents and for reissues, extensions, and instruments of assignment and transfer thereof, and will communicate any facts known to Assignor relating to the Invention, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee. Assignor further agrees that such Assignor will, without further compensation to Assignor during the term of such Assignor's employment by Assignee and thereafter for reasonable compensation as determined by Assignee, perform such other acts as may be reasonably required when requested by Assignee, including attending depositions, preparing and executing declarations and affidavits and testifying as a witness, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee.

Assignor hereby authorizes and requests Sunstein Kann Murphy & Timbers LLP to supply any missing patent/application identification information or correct any errors in the patent/application identification information provided above, whether discovered prior to or after recordation.

By executing this Assignment, Assignee accepts the assignment set forth above.

Assignor and Assignee agree that this instrument may be executed in any number of counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same agreement; and that an original signature or a copy thereof transmitted by facsimile or by PDF shall constitute an original signature for purposes of this instrument.

IN WITNESS WHEREOF, Assignor and Assignee hereby execute this instrument on the date set forth below opposite each signature.
