PATENT ASSIGNMENT

This assignment made on the date shown below by Aaron Foss, ("Assignor") to Telephone Science Corporation, a Delaware Corporation having its mailing address at 5507 Nesconset Hwy #201, Mt Sinai, NY 11766 ("Assignee");

WHEREAS, Assignor has conceived and received patent allowances on inventions on telecommunications technologies, having USPTO patent numbers 9,288,319, 9,860,376, and application number 14/996758 (Inventions);

WHEREAS, Assignor believes himself to be the sole inventor of the 9,288,319 patent and an original inventor, together with Vadim Gordin of the subject matter of the 9,860,376 patent and 14/996758 application; and

WHEREAS, Assignee has a right to acquire by formal, recordable assignment their entire right, title, and interest in and to said Inventions in the United States and throughout the world.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, his entire right, title, and interest in and to said Inventions, and said Patent Application for said Inventions in the United States and throughout the world, including the exclusive right to file any provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, foreign, or other application based on the Inventions directly in the name of Assignee and to claim any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Further Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and his legal representatives and assigns will do all lawful

acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing said Inventions in the United States and throughout the world for said Inventions, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said Inventions, and said Patent Application filed, and any patents granted for said Inventions in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Patent granted for said Inventions, whether on an application for said Inventions, said Patent Application, or on any subsequently filed provisional, non-provisional, divisional, continuation, continuation-in-part, reissue, or other application, to Assignee, its successors and assigns, as the assignee of their entire interest in said Inventions.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date
first above written and as set forth below.
