Assignment of Rights, Title and Interest in Invention
(Single Assignor; Single Assignee)

Docket No.
99327D

Whereas, the above-identified Assignor is the owner of record of the Invention identified above and described in the above-identified patent application(s) and/or patent(s) (hereinafter referred to as "Invention");

And, whereas the above-identified Assignor desires to assign its above-identified rights, title and interest in the Invention to the above-identified Assignee, and said Assignee is desirous of acquiring the entire, right, title and interest in the same;

Now, this indenture witnesseth, that for good and valuable consideration, the receipt whereof is hereby acknowledged:

Assignor hereby assigns, sells and transfers its above-identified rights, title and interest in said Invention, said application(s) as identified above, including any divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted or have granted for said Invention, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue to it with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, unto said Assignee, including all causes of action for past infringements, the same to be held and enjoyed by said Assignee for its own use and behoof, and for its legal representatives and assigns, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by Assignor had this assignment not been made;

And Assignor hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue any United States Letters Patent which may issue for said Invention to said Assignee, as assignee of the whole right, title and interest therein.
