ASSIGNMENT, DECLARATION, & NOTICE OF DUTY OF DISCLOSURE

As a below named inventor, I hereby declare that:

I believe I am the sole original inventor of a claimed invention in a patent application entitled:

Battery Module Scalable in Three Dimensions

Filed on **March 4, 2019**, and assigned U.S. Application Number **16/292,153**, the specification of which is identified as Attorney Docket No. **SFMT-012**.

I believe I am the only inventor of the above-identified U.S. patent application:

Jiaxian Wang

The above-identified patent application was made or authorized to be made by me at the U.S. Patent and Trademark Office.

I believe that I am the original inventor of a claimed invention in the application.

I have reviewed and understand the contents of the above-identified patent application including the claims.

I am aware of the duty to disclose to the U.S. Patent and Trademark Office all information known to me to be material to patentability as defined in 37 CFR §1.56.

I hereby acknowledge that any willful false statement made in the declaration herein is punishable under 18 USC §1001 by fine or imprisonment of not more than five (5) years, or both.

I hereby assign to **Chongqing Jinkang New Energy Vehicle Co., Ltd**, a corporation having a place of business at **229 Fusheng Blvd, Jiangbei District, Chongqing, China**, and to **SF Motors, Inc.**, a corporation having a place of business at **3303 Scott Blvd., Santa Clara, CA, USA 95054**, and their successors and assigns (collectively “the Assignees”), the entire right, title and interest throughout the world in any and all inventions and improvements which are described in the above-identified application.

This assignment includes the entire right, title and interest in the above-identified U.S. application, all legal equivalents thereof in any country, any and all United States, Patent Cooperation Treaty, and other foreign patents, utility models, and design registrations granted for

any of said inventions and improvements, including, but not limited to, all divisions, continuations, reissues, reexamination certificates, any and all certificates issued in any post-grant proceeding, and extensions of said applications and patents of the United States, Patent Cooperation Treaty and all other foreign patents, utility models, and design registrations, and the right to claim priority based on the filing dates of the above-identified U.S. application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes, and the right to seek relief and recover all damages, including, but not limited to, a reasonable royalty, by reason of infringement or any other violation of patent or patent application rights. I authorize the Assignees to apply in all countries in the name of the Assignees for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements.

In addition, I hereby confirm the sale, assignment, and transfer to the Assignees of the entire right, title and interest throughout the world in said inventions and improvements that occurred by operation of an employment agreement between me and the Assignees existing at the time said inventions and improvements were made. Should I have any remaining interest, I hereby sell, assign, and transfer any right, title and interest I may have in said inventions and improvements anywhere in the world to the Assignees.

The foregoing assignments, sale and transfer have been made for good and valuable consideration in accordance with the aforementioned employment agreement.

I hereby represent and covenant that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with the assignment of said inventions and improvements to the Assignees.

I further covenant for myself and my respective heirs, legal representatives and assigns, to assist the Assignees in handling various procedures, tasks and documentation in connection with this assignment, including, but not limited to, providing to the Assignees promptly upon the request of the Assignees all pertinent facts and documents relating to said invention and improvements, and said patents, said legal equivalents or other legal instrument as may be known and accessible to me and testifying as to the same in any interference, litigation, or proceeding relating thereto, and promptly executing and delivering to the Assignees or their legal representative any and all papers, documents, instruments or affidavits in connection with

obtaining, maintaining, issuing or enforcing said application, said inventions and improvements, and said patents, said equivalents and other legal instrument which may be necessary or desirable to carry out the purposes thereof.

I hereby authorize and request the Commissioner of Patents and Trademarks to issue one or more patents in the United States for said inventions and improvements to **Chongqing Jinkang New Energy Vehicle Co., Ltd. and SF Motors, Inc.** as assignees of the entire interest, for the sole use and benefit of Assignees, their successors and assigns.

I am competent to execute the above declaration and assignment. I hereby have duly executed the declaration and assignment below with my name.

Full name of sole inventor: **Jiaxian Wang**
