**COMBINED DECLARATION AND ASSIGNMENT
FOR UTILITY PATENT APPLICATIONS AND DESIGN PATENT APPLICATIONS**

Title of Invention: GAMING SYSTEM AND METHOD WITH A RESOURCE EFFICIENT SLIDE OUT GAME INFORMATION DISPLAY.

As a below named inventor, I hereby declare that:

This declaration is directed to the attached application, unless the following box is checked:

☐ United States provisional application number _____ filed on _____.

The above-identified application was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the application.

I have reviewed and understand the contents of the application, including the claims.

I am aware of the duty to disclose to the United States Patent and Trademark Office all information known to me to be material to patentability as defined in 37 C.F.R. § 1.56.

Whereas, the undersigned inventor(s) has/have made certain inventions, improvements, and discoveries (herein referred to as the "Invention") disclosed in the above-identified patent application and further identified by the docket number provided above in the header of this document;

Whereas, ADP GAUSELMANN GMBH, a company organized under the laws of Germany, having a place of business at Merkur-Allee 1-15, 32339 Espelkamp, Germany (herein referred to as "Assignee"), desires to acquire, and each undersigned inventor desired to grant to Assignee, the entire worldwide right, title, and interest in and to the Invention and in and to any and all patent applications and patents directed thereto.

Therefore, for good and valuable consideration, the receipt and sufficiency thereof being hereby acknowledged, each undersigned inventor ("Assignor") hereby sells or has sold, assigns or has assigned, and otherwise transfers or has transferred to Assignee, its successors, legal representatives, and assigns, the entire worldwide right, title, and interest in and to the Invention, the above-identified United States patent application, and any and all other patent applications and patents for the Invention which may be applied for or granted therefor in the United States and in all foreign countries and jurisdictions, including all divisionals, continuations, reissues, reexaminations, supplemental examinations, inter partes reviews, post grant reviews, renewals, counterparts, substitutes, and extensions thereof, and all rights of priority (including under the International Convention) resulting from the filing of such applications and granting of such patents.

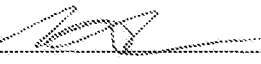

In addition, each undersigned inventor hereby authorizes and requests the Director of the United States Patent and Trademark Office to authorize the Assignee to apply for patents in its own name in countries where such procedure is proper and to issue any United States Patent, and foreign patent authorities to issue any foreign patent, granted on the Invention, to the Assignee, its successors, legal representatives, and assigns, the entire worldwide right, title, and interest in and to the same to be held and enjoyed by Assignee, its successors, legal representatives, and assigns to the full end of the terms for which any and all documents and instruments and perform all lawful acts reasonably related to recording this Assignment or perfecting title to the Invention and all related patents and applications, in Assignee, its successors, legal

representatives, and assigns, whenever requested by Assignee, its successors, legal representatives, or assigns.

Each undersigned inventor acknowledges their prior and ongoing obligations to sell, assign, and transfer the rights under this Assignment to Assignee and is unaware of any reason why they may not have the full and unencumbered right to sell, assign, and transfer the rights hereby sold, assigned, and transferred, and has not executed, and will not execute, any document or instrument in conflict herewith. Each undersigned inventor also hereby grants Assignee, its successors, legal representatives, and assigns, the right to insert in this Assignment any further identification (including, but not limited to, the relevant Patent Application Number) which may be necessary or desirable for recordation of this Assignment.

Each undersigned inventor acknowledges that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

Hereby executed by the undersigned on the date opposite the undersigned name:

Legal Name of Inventor	Signature	Date
