ASSIGNMENT

WHEREAS, the undersigned, **Christopher R. Tilton**, (referred to hereinafter as "ASSIGNOR") has invented a certain and useful invention for which we filed an application for United States Letters Patent entitled "**Composite Structures for Packaging Articles and Related Methods**", for which we filed a provisional application with a Serial Number: **61/782,291**, and a filing date: **March 14, 2013**, for which we filed a U.S. application with a Serial Number: **14/213,394**, and a filing date: **March 14, 2014**, and for which we filed a U.S. application with a Serial Number: **15/655,778**, and a filing date: **July 20, 2017**, which together with related experimental data, trade secret, and other know-how is referred to hereinafter as the **INVENTION**.

WHEREAS, **Smart Planet Technologies, Inc.**, a company, having its principal place of business at 2801 West Coast Highway, Suite 270-T, Newport Beach, CA 92663 (referred to hereinafter as "ASSIGNEE"), is desirous of acquiring all entire right, title and interest in, to and under said **INVENTION**, and in, to and under Letters Patent or similar legal protection to be, or having been, obtained therefor in the United States of America, its territorial possessions and in any and all countries foreign thereto.

WHEREAS, **ASSIGNOR** hereby authorizes and requests **ASSIGNEE's** attorneys of record to insert or correct the serial number(s), filing date(s), or other identification of the **INVENTION** when known and as needed.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, **ASSIGNOR** hereby sells, assigns, transfers and sets over unto the **ASSIGNEE**, its successors, and assigns the entire title, right and interest in and to the **INVENTION**, and to all Letters Patent or similar legal protection arising therefrom, not only in the United States and its territorial possessions, but in all countries foreign thereto to be obtained for said **INVENTION** by said application or any continuation, continuation-in-part, divisional, renewal, substitute, reissue or reexamination thereof or any legal equivalent thereof in a foreign country for the full term or terms for which the same may be granted, including all priority rights under any International Conventions.

ASSIGNOR hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment.

ASSIGNOR further covenant that **ASSIGNEE** will, upon its request, be provided promptly with all pertinent facts and documents relating to said **INVENTION**, including the patent application listed above, and any Letters Patent and legal equivalents in foreign countries issuing therefrom as may be known and accessible to **ASSIGNOR**, and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to **ASSIGNEE** or its legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said invention and said Letters Patent and said equivalents thereof in any foreign country which may be necessary or desirable to carry out the purposes thereof. **ASSIGNOR** hereby authorizes and requests the Commissioner of Patents and Trademarks to issue all letters patent on said Invention to **ASSIGNEE**.

ASSIGNOR and ASSIGNEE each covenant to perform all acts and execute and deliver all documents as may be necessary or appropriate to carry out the intent and purposes of this assignment.

This ASSIGNMENT embodies the entire understanding of ASSIGNOR and ASSIGNEE and supersedes and replaces any and all pre-existing assignments or understandings between ASSIGNOR and ASSIGNEE. No amendment or modification of this assignment shall be valid or binding upon ASSIGNOR or ASSIGNEE unless made in writing and signed on behalf of each of ASSIGNOR and ASSIGNEE by their respective duly authorized representative.

ASSIGNOR acknowledges that ASSIGNEE may appoint any attorney or practitioner of ASSIGNEE'S choice to prosecute any application or other legal proceeding involving said invention and ASSIGNOR further acknowledges that any attorney or practitioner so appointed by ASSIGNEE does not represent ASSIGNOR and that such appointment by ASSIGNEE does not create any attorney-client relationship between ASSIGNOR and any attorney or practitioner appointed by ASSIGNEE, in this or in any PCT or other family applications.

This ASSIGNMENT may be executed in any number of counterparts, each of which shall be deemed an original but all of which together shall constitute one and the same instrument.

This ASSIGNMENT shall be governed by and construed in accordance with the law of the state of California and ASSIGNOR and ASSIGNEE agree to submit to the exclusive jurisdiction of the courts of the state of California.

EXECUTED at:

Irvine, CA, this 4 day of April, 2019
City, State Month

By: Christopher R. Tilton
