Patent Application:

U.S. Patent Application No. 16/372,401

(We give permission for Silver Legal LLC to fill in the serial no. upon filing the non-provisional.)

Assignee:

Master Space Systems, Inc.

We, **Matthew Kuhns, Jacob S. Nuechterlein, Jeremy Joseph Iten, and Adam Polizzi**, for good and valuable consideration, desire to assign a 100% undivided interest in the above-identified Patent Application to the above-identified Assignee(s), and wherein the Assignee is desirous of acquiring the entire right, title and interest in the same; for value received, the receipt and sufficiency whereof is hereby acknowledged;

We hereby assign, sell and transfer and agree to assign, sell and transfer a 100% undivided interest in the entirety of the bundle of rights, title, and interest in and to the Patent Application, to the Assignee, together with all claims for damages and profits by reason of any past infringement of the letters patent and the right to sue therefor, and together with the right to file the Patent Application or any division, continuation, or continuation-in-part thereof in any foreign jurisdiction under the Paris Convention or the Patent Cooperation Treaty, such interests, claims, and rights, to be held and enjoyed by the Assignee for its own use and for its successors and assigns, to the full end of the term for which a patent issuing from the Patent Application may be granted, and any reissues, renewals, or extensions thereof as may be granted, as fully and entirely as the same would have been held by Assignor had this Assignment and sale not been made; and we further agree to execute all necessary and lawful future documents, including assignments in favor of Assignee, or its designees as Assignee or its Assignees may from time-to-time present to me in order to perfect title in the Patent Application; and we further covenant that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this assignment and sale; and we further covenant that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to the Patent Application as may be known and accessible to me and we will testify to the same in any proceeding or litigation related thereto and will promptly execute and deliver to Assignee or its legal representatives any and all papers, instruments, declarations, or affidavits required to apply for, obtain, maintain, and enforce the Patent Application or patent(s) issuing therefrom which may be necessary or desirable to carry out the purposes hereof; this Assignment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
