Guidelines for Completing Patents Cover Sheets (PTO-1595)

Cover Sheet information must be submitted with each document to be recorded. If the document to be recorded concerns both patents and trademarks separate patent and trademark cover sheets, including any attached pages for continuing information, must accompany the document. All pages of the cover sheet should be numbered consecutively, for example, if both a patent and trademark cover sheet is used, and information is continued on one additional page for both patents and trademarks, the pages of the cover sheet would be numbered from 1 to 4.

Item 1. Name of Conveying Party(ies).

Enter the full name of the party(ies) conveying the interest. If there is insufficient space, enter a check mark in the "Yes" box to indicate that additional information is attached. The name of the additional conveying party(ies) should be placed on an attached page clearly identified as a continuation of the information Item 1. Enter a check mark in the "No" box, if no information is contained on an attached page. If the document to be recorded is a joint research agreement, enter the name(s) of the party(ies) other than the owner of the patent or patent application as the conveying party(ies).

Item 2. Name and Address of Receiving Party(ies).

Enter the name and full address of the first party receiving the interest. If there is more than one party receiving the interest, enter a check mark in the "Yes" box to indicate that additional information is attached. Enter a check mark in the "No" box, if no information is contained on an attached page. If the document to be recorded is a joint research agreement, enter the name(s) of the patent or patent application owner(s) as the receiving party.

Item 3. Nature of Conveyance/Execution Date(s).

Enter the execution date(s) of the document. It is preferable to use the name of the month, or an abbreviation of that name, in order that confusion over dates is minimized. Place a check mark in the appropriate box describing the nature of the conveying document. If the "Other" box is checked, specify the nature of the conveyance.

Item 4. Application Number(s) or Patent Number(s).

Indicate the application number(s), and/or patent number(s) against which the document is to be recorded. National application numbers must include both the series code and a six-digit number (e.g., 07/123,456), and international application numbers must be complete (e.g., PCT/US91/12345).

Enter a check mark in the appropriate box: "Yes" or "No" if additional numbers appear on attached pages. Be sure to identify numbers included on attached pages as the continuation of Item 4. Also enter a check mark if this Assignment is being filed as an Oath/Declaration (37 CFR 1.63).

Item 5. Name and Address of Party to whom correspondence concerning the document should be mailed.

Enter the name and full address of the party to whom correspondence is to be mailed.

Item 6. Total Applications and Patents involved.

Enter the total number of applications and patents identified for recordation. Be sure to include all applications and patents identified on the cover sheet and on additional pages.

Block 7. Total Fee Enclosed.

Enter the total fee enclosed or authorized to be charged. A fee is required for each application and patent against which the document is recorded.

Item 8. Payment Information.

Enter the deposit account number and authorized user name to authorize charges.

Item 9. Signature.

Enter the name of the person submitting the document. The submitter must sign and date the cover sheet. Enter the total number of pages including the cover sheet, attachments, and document.

This collection of information is required by 35 USC 261 and 262 and 15 USC 1057 and 1060. The information is used by the public to submit (and by the USPTO to process) patent and trademark assignment requests. After the USPTO records the information, the records for patent and trademarks, assignments, and other associated documents can be inspected by the public. To view documents recorded under secrecy orders or documents recorded due to the interest of the federal government, a written authorization must be submitted. This collection is estimated to take 30 minutes to complete, including gathering, preparing, and submitting the form to the USPTO. Any comments on the amount of time you require to complete this form and/or suggestions for reducing this burden, should be sent to the Manager of the Assignment Division, USPTO, P.O. Box 1450, Alexandria, VA 22313-1450. DO NOT SEND FEES OR COMPLETED FORMS TO THIS ADDRESS. SEND TO: Mail Stop Assignment Recordation Services, Director of the USPTO, P.O. Box 1450, Alexandria, VA 22313-1450.

Privacy Act Statement for Patent Assignment Recordation Form Cover Sheet

The Privacy Act of 1974 (P.L. 93-579) requires that you be given certain information in connection with the above request for information. This collection of information is authorized by 35 U.S.C. 1, 2, 261 and E.O. 9424. This information will primarily be used by the USPTO for the recordation of assignments related to patents and patent applications. Submission of this information is voluntary but is required in order for the USPTO to record the requested assignment. If you do not provide the information required on the cover sheet, the assignment will not be recorded, and all documents will be returned to you.

After the information is recorded, the records and associated documents can be inspected by the public and are not confidential, except for documents that are sealed under secrecy orders or related to unpublished patent applications. Assignment records relating to unpublished patent applications are maintained in confidence in accordance with 35 U.S.C. 122. Records open to the public are searched by users for the purpose of determining ownership for other property rights with respect to patents and trademarks.

Routine uses of the information you provide may also include disclosure to appropriate Federal, state, local, or foreign agencies in support of their enforcement duties and statutory or regulatory missions, including investigating potential violations of law or contract and awarding contracts or other benefits; to a court, magistrate, or administrative tribunal in the course of presenting evidence; to members of Congress responding to requests for assistance from their constituents; to the Office of Management and Budget in connection with the review of private relief legislation; to the Department of Justice in connection with a Freedom of Information Act request; to a contractor in the performance of their duties; to the Office of Personnel Management for personnel studies; and to the General Services Administration (GSA) as part of their records management responsibilities under the authority of 44 U.S.C. 2904 and 2906. Such disclosure to GSA shall not be used to make determinations about individuals.

WORLDWIDE PATENT ASSIGNMENT

This patent assignment (hereinafter the "Assignment") is made by and between:

- Jason C. MAILAND, an individual having an address at 59 Tree Crest Circle, The Woodlands, Texas 77381, USA and
- Case Nienhuis, an individual having an address at 2894 Woodland Glen Lane, Conroe, Texas, 77385, USA (each of which are hereinafter referred to individually as "Assignor" and collectively as "Assignors")

and

- TEJAS RESEARCH & ENGINEERING, LLC, a Texas limited liability company, having a primary address at 9185 Six Pines Drive, The Woodlands, Texas 77380, USA (hereinafter the "Assignee").

WHEREAS, the Assignors are the co-inventors of United States Patent Application Serial Number 62/779,121, filed December 13, 2018, and entitled "SURFACE CONTROLLED WIRELINE RETRIEVABLE SAFETY VALVE" (hereinafter the "Patent Application");

WHEREAS, each Assignor has received confidential and proprietary information of the Assignee relating to the invention that is the subject of the Patent Application;

WHEREAS, each Assignor is or was an employee or agent of Assignee at the time the invention that is the subject of the Patent Application was conceived;

WHEREAS, each Assignor is desirous of assigning, transferring, and conveying his or her entire right, title, and interest, without limitation, worldwide, in and to the Patent Application, any patent or patents that issue therefrom, and any other patent applications or patents that claim priority to, or claim the benefit of the filing date of, the Patent Application, to Assignee; and

WHEREAS, Assignee is desirous of acquiring the entire right, title, and interest, without limitation, worldwide, in and to the Patent Application, any patent or patents that issue therefrom, and any other patent applications or patents that claim priority to, or claim the benefit of the filing date of, the Patent Application from each Assignor;

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration, the receipt of which is hereby acknowledged, each Assignor assigns, transfers, and conveys his or her entire right, title, and interest, without limitation, worldwide, in and to the Patent Application, any patent or patents that issue therefrom, and any other patent applications or patents that claim priority to, or claim the benefit of the filing date of, the Patent Application to Assignee, its successors, and assigns for the entire term of the respective patent or patents as the same would be enjoyed by the Assignor if this Assignment had not been made. Each Assignor agrees that the entire right, title, and interest, that is assigned, transferred, and conveyed herein shall include the entire right, title, and interest, without limitation, worldwide, in and to

any non-provisional patent application, divisional patent application, continuation patent application, continuation-in-part patent application, reissue patent application, foreign patent application filed directly or indirectly in a foreign patent office, foreign patent application filed in a foreign patent office under the Paris Convention, Patent Cooperation Treaty (hereinafter "PCT") international application, PCT national phase entry patent application, and/or any other patent application and any patent or patents that issue therefrom that claim priority to, or claim the benefit of the filing date of, the Patent Application.

Each Assignor assigns, transfers, conveys, and grants his or her entire right, title, and interest, without limitation, worldwide, to sue and recover damages from third-parties for acts of infringement that occurred prior to the date of this Assignment to Assignee, its successors, and assigns as the same would be enjoyed by Assignor if this Assignment had not been made.

Each Assignor authorizes and requests that the Commissioner of Patents and the United States Patent and Trademark Office issue any patent resulting from the Patent Application to Assignee. The entire right, title, and interest conveyed to Assignee is to be held and enjoyed by Assignee, its successors, and assigns, as fully and exclusively as it would have been held and enjoyed by Assignor had this Assignment not been made.

Each Assignor shall cooperate with Assignee in the prosecution and protection of patent rights, domestic or foreign, relating to the Patent Application, any patent or patents that issue therefrom, and any other patent applications or patents that claim priority to, or claim the benefit of the filing date of, the Patent Application.

Each Assignor shall execute, verify, acknowledge, and deliver all such further papers, including patent applications, instruments of transfer, instruments of assignment, and perform such other acts as Assignee lawfully may request to obtain or maintain the Patent Application, any patent or patents that issue therefrom, and any other patent applications or patents that claim priority to, or claim the benefit of the filing date of, the Patent Application in the United States or foreign jurisdictions.
