ASSIGNMENT

Pursuant to my obligation to **Coagulation Sciences LLC** (hereinafter referred to as "Assignee") having its principal place of business at:

4700 Independence Ave.,
Riverdale, New York 10471, USA

and for other valuable and sufficient consideration, receipt whereof is hereby acknowledged, I, **Sheldon Goldstein**, confirm my obligation to and hereby sell, assign, and convey, unto Assignee, its successors and assigns, my entire right, title, and interest -

(a) in and to the patents and patent applications (active and expired) listed in Schedule A attached hereto, including without limitation, the worldwide rights to the inventions described and claimed therein, including any provisionals, non-provisionals, reissues, reexaminations, divisionals, continuations, continuations-in-part, renewals, extensions, and international patent applications therefor throughout the world, together with all rights under the International Convention for the Protection of Industrial Property and any similar treaties or agreements, and in and to the patent or patents to be granted thereon, to the full end of the term or terms for which said patent or patents may be granted (collectively "Patents");

(b) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any of the Patents; and

(c) any and all claims and causes-of-action with respect to any of the Patents, whether accruing before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

I hereby agree that I will, upon demand of Assignee, its successors or assigns, and without further consideration to me, execute any and all papers that may be necessary, or deemed by Assignee, its successors or assigns, to be necessary, for a complete fulfillment of the intent and purposes of this Assignment, it being understood that any expense incident to the execution of such papers shall be paid by Assignee, its successors and assigns, and not by me.

The Commissioner of Patents and Trademarks of the United States is hereby authorized and requested to issue said patent or patents to Assignee.

4/9/2019
Date

Sheldon Goldstein
