ASSIGNMENT

Docket No.: 21485- 10164113DF
Serial No.: 29/687,070
Filed: 10 April 2019

Tara Milne hereinafter the assignor, for good and valuable consideration the receipt and sufficiency of which being hereby acknowledged, each hereby assigns to TADANYC, LLC, an entity organized under the laws of New York, having an address at 40 E. 61st Street, Unit 17A, New York, NEW YORK 10065, hereinafter the assignee, its successors and assigns, the entire right, title and interest in the invention or improvements disclosed in an application for Design Patent titled BOOT INSERT, and in the said application and any and all other applications, both United States and foreign, which the assignors or assignee may file, either solely or jointly with others, on said invention or improvements, and in any and all patents of the United States and foreign countries which may be obtained on any of said applications and in any reissue or extension of such patents.

The Assignor authorizes its registered patent practitioner to enter the Serial Number and filing date of said application for patent in the spaces provided above.

The Assignor hereby authorizes and requests the Commissioner of the United States Patent and Trademark Office to issue said Patent to said assignee.

The Assignor agrees that this Assignment can be executed individually in counterparts.

The Assignor warrants herself to be the owner of the entire right, title and interest in said invention or improvements and to have the right to make this assignment, and further warrants that there are no outstanding prior assignments, licenses, or other encumbrances on the interest herein assigned.

For said considerations each assignor hereby agrees, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all divisional, continuation and substitute applications for said invention or improvements, and any necessary declaration, oath, or affidavit relating thereto, and any application for the reissue or extension of any Patent that may be granted upon said application, and any and all applications and other documents for Patent in foreign countries on said invention or improvements that said assignee, its successors, or assigns may deem necessary or expedient, and for the said considerations the assignor further agrees, upon the request of said assignee, its successors, or assigns, to cooperate to the best of the ability of each assignor with said assignee, its successors, or assigns, in any proceedings or transactions involving such application or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain and enforce said Patent, both United States and foreign, and vest all rights therein hereby conveyed in the assignee, its successors, and assigns, whereby said patent will be held and enjoyed by the said assignee, its successors and assigns to the full end of the term for which said Patent will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.

As the above named inventor, I hereby declare that:

I believe I am the original inventor of the claimed invention in the above-identified application for which this declaration is being submitted.

The application was made or authorized to be made by me.

I have reviewed and understand the contents of the above-identified application, including the claim, and am aware of the duty to disclose to the Office all information known to me to be material to patentability as defined in 37 CFR §1.56.
