ASSIGNMENT

THIS ASSIGNMENT is made the 31 day of July 2018

BETWEEN

1. FAULKNER, Dale V. L., a citizen of United Kingdom ("the Inventor")

AND

2. CROMPTON TECHNOLOGY GROUP, LTD., a company of United Kingdom, ("CROMPTON")

WHEREAS

A. The Inventor is the sole inventor of certain invention(s) ("the Invention(s)") described and claimed in European patent application No. 18275090.1 entitled 'Bonding Line Attachment' and filed on 22 June 2018, in the name of CROMPTON, ("the Patent Application")

B. The Inventor confirms that he made the Invention(s) in the course of his normal duties as employee of CROMPTON

C. The Inventor has agreed to assign to CROMPTON all such rights as he may have in the Invention(s) and the Patent Application and so that CROMPTON may enjoy the full benefit of the Invention(s)

NOW THEREFORE:-

1. In consideration of the sum of one pound sterling now paid by CROMPTON to the Inventor, receipt of which is hereby acknowledged, the Inventor HEREBY ASSIGNS to CROMPTON all right title and interest in and to the Invention(s) and the Patent Application in any country of the world including:

(i) The right to file applications for, and be granted, patents, utility models, registered designs, design patents, registration of copyright or other intellectual property rights in any country of the world, in respect of the Invention(s), whether under national regional or international arrangements

(ii) The right to claim priority under any national, regional or international law or treaty from the Patent Application or from any other Application for intellectual property rights in respect of the Invention(s)

(iii) The right, title and interest in the Patent Application and any patent granted in consequence thereof including the right to sue for damages and other remedies in respect of any infringement of said patent

TO HOLD the same unto CROMPTON absolutely

2. CROMPTON shall have the right to file applications for and/or be granted patents, utility models, registered designs, design patents, and any other intellectual property rights in its own name or in the names of the Inventor or in such other name or names as CROMPTON may desire and the Inventor acknowledges that if any such applications are filed or rights granted in the name of the Inventor the same shall be held in trust by the Inventor for CROMPTON and shall at the request of CROMPTON be transferred from the Inventor to CROMPTON for no further consideration.

3. The Inventor hereby covenants with CROMPTON if and when required by CROMPTON to sign execute and do all such further documents acts or things as may be necessary or desirable to enable CROMPTON to procure and enjoy the full

and exclusive benefit of the Invention(s) and of all rights therein including patents, design patents, registered designs, utility models or other intellectual property rights in any country of the world including if required the execution of further assignments by way of confirmation of this assignment and the execution of documents in connection with applications for patents, utility models, registered designs, design patents or any other intellectual property rights in the Inventor's own name in respect of the United States of America or any other country.
