### General Assignment

WHEREAS, Rudy BROECKX, Walter FILLIERS and Alex COPMANS, all citizens of Belgium, residing at c/o Janssen Pharmaceutica NV, Turnhoutseweg 30, B-2340 Beerse, Belgium (hereinafter referred to as "Assignors"), were employees of Janssen Pharmaceutica NV at the time the invention

"Novel Compound"

The Assignors are co-inventors of that invention, for which on the 16<sup>th</sup> day of May 2012, European Patent Application no. 12168396.5 was filed at the European Patent Office.

WHEREAS, the Assignors are named as co-inventors in the above-identified patent application; and

WHEREAS, the conditions under which said Invention was made are such that as defined in the contract as an employee of Janssen Pharmaceutica NV the Assignors automatically entitle Janssen Pharmaceutica NV having its place of business at Turnhoutseweg 30, B-2340 Beerse, Belgium (hereinafter referred to as "Assignee") to the entire right, title and interest to said Invention and improvements thereof, including the right to claim priority of a priority application for the Invention, both domestic and foreign; and

WHEREAS, the Assignee is desirous of acquiring Assignors' entire right, title and interest in the Invention and improvements thereof, including the right to claim priority of a priority application for the Invention, both domestic and foreign.

NOW, THEREFORE, BE IT KNOWN, that, for good and valuable consideration the receipt of which from the Assignee is hereby acknowledged, the Assignors for the avoidance of doubts hereby assign and transfer to the Assignee their entire right, title and interest, including the right to claim priority of a priority application for the Invention, in and to said Invention and improvements thereof, which may be disclosed in a patent application and in and to said patent application, and all foreign equivalents thereof, including all substitutions, divisions, and continuations thereof, and in and to all Letters Patent, both domestic and foreign, that may be granted for said Invention, and in and to all extensions, renewals, and reissues thereof, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by the Assignors if this Assignment had not been made.

The Assignors covenant that the Assignors have the full right and obligation to convey the interest assigned by this Assignment, and the Assignors have not executed and will not execute any agreement in conflict with this Assignment.

The Assignors further agree to make, execute and deliver to the Assignee upon request, any and all papers, documents, declarations, affidavits, or other instruments that may be necessary in the prosecution of any application or applications for the Invention and improvements thereof or reissues of Letters Patent, and to assist the Assignee in every way as may be requested in protecting said Invention. The Assignors acknowledge that this obligation includes the duty to execute, in a timely manner, any Declaration and Power of Attorney that may be necessary in the prosecution of applications relating to said Inventions in the United States or elsewhere.

The Assignors agree that this general assignment is effective from the 16<sup>th</sup> day of May 2012.

IN TESTIMONY WHEREOF, the Assignors and Assignee set hereunto their hand and seal this date.
