PATENT ASSIGNMENT

This Patent Assignment (this "**Assignment**") is made effective as of 2/28/19 (the "**Effective Date**"), by Qualitas Health Ltd. ("**Assignor**"), and Qualitas Health, Inc. ("**Assignee**").

WHEREAS, Assignor is the owner of all right, title, and interest in and to the Patents (as defined below); and

WHEREAS, Assignor wishes to assign, convey, and transfer to Assignee, and Assignee wishes to receive, all right, title, and interest in and to the Patents in accordance with this Assignment.

NOW, THEREFORE, in consideration of the covenants, promises and representations set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

Section 1. Assignment. Assignor hereby irrevocably sells, conveys, assigns and transfers to Assignee, its successors, assigns and legal representatives, free and clear of all liens, the entire world-wide right, title and interest in and to the patents listed on Exhibit A and any patents or patent applications that rely thereon for priority, including without limitation any continuation, continuation-in-part, division, reissue, reexamination, or extension of any of the foregoing, and all other corresponding rights that are or may be secured under the laws of the United States, any foreign country or jurisdiction or any multilateral organization (collectively, the "**Patents**"), together with all income, royalties or payments due or payable as of the Effective Date or thereafter, all claims for damages and the right to sue for, collect, settle or release any past, present or future infringement of any of the Patents. Assignor does hereby authorize and request the Commissioner of Patents and Trademarks of the United States of America or equivalent authority elsewhere in the world to record this assignment.

Section 2. Assistance. From time to time, as and when requested by Assignee, Assignor shall execute and deliver, or cause to be executed and delivered, all documents and instruments and shall take all other actions as Assignee may reasonably request to consummate the transactions contemplated by this Assignment. Further, at Assignee's expense, Assignor and its successors and assigns shall testify in any legal proceedings, sign all lawful papers, make all lawful oaths and perform all lawful acts reasonably necessary and proper to vest title to the Patents in Assignee and to aid Assignee, its successors, assigns and legal representatives to obtain and enforce proper protection for the Patents.

Section 3. Counterparts. This Assignment may be executed in any number of original, facsimile or portable document format (pdf) counterparts, each of which when so executed and delivered shall be an original, but all of which together shall constitute one instrument.

IN WITNESS WHEREOF, Assignor and Assignee have executed this Assignment as of the Effective Date.
